	APPENDIX	75
	APPENDIX A: REVISION RECORD	75

1. Introduction

iAuto Store is a system developed by iAuto (Shanghai) Co., Ltd. This documentation covers all function introductions when you start to use the iAuto Store as an end user. This includes: User Registration, Login, In-Vehicle Apps, System Update, Mobile Connection, User Information and other Functions in the system.

You can access the iAuto Store by using the URL: <http://info.iauto.com/asweb/>.

Internet Explorer 9 or higher and Google Chrome are preferred.

1.1. Structure of This Documentation

This documentation will expand on the following items:

- User Registration: To help non-registered iAuto Store users with registration;
- Login: To help registered iAuto Store users with login;
- In-Vehicle Apps: To help users buy and download applications;
- System Update: To help users update the iAuto system at any time so that the iAuto system can operate at its full capacity.
- Mobile Connection: To provide mobile applications that cooperate with iAuto Devices for users;
- User Information: To help users manage their accounts;
- Other functions: To describe other functions in iAuto Store;
- Logout: To help users log out of the system.

1.2. About This Version

Please see Appendix A: Revision Record.

Note: iAuto Store System may update at any time. Please check the system for the latest changes.

2. User Registration

2.1. Register an Account

The following steps show the step-by-step process on how to register an account:

1. Click the “Register” button and the system will show you the “Terms of Use,” as shown in figure 2.1.1-1.

The screenshot shows the iAuto.com website interface. At the top right, there are 'Register' and 'Login' buttons. Below the header, there is a navigation bar with 'Vehicle Apps', 'System Update', and 'Mobile Connection' links, along with a 'Search Apps' input field. The main content area is titled 'New User Registration'. Below this, a 'Please read the following Terms of Use:' section is displayed. The terms include a last update date of September 15, 2014, an introduction, and a list of five items covered by the iAuto product. At the bottom of the terms, there are 'Agree' and 'Refuse' buttons. The 'Agree' button is highlighted with a red box.

Figure 2.1.1-1

2. The “Agree” button will be available for ten seconds. If you agree to the terms and conditions, click “Agree” and enter your information on the “New User Registration” page, as shown in figure 2.1.2-1.

If you do not agree with the terms and conditions, click “Refuse,” and you will quit the registration.

New User Registration

* User Name: Please make User Name between 3-20 characters.

* Password:

* Confirm Password:

* Country:

* Email:

* Gender: ☐ Male ☐ Female

* Verification Code: Wo a w

[Register](#)

Figure 2.1.2-1

3. Please fill in the required information: User Name, Password, Confirm Password, Country, Gender, Email and Verification Code. Click “Register” and an activation email will be sent to your specified email address, as shown in figure 2.1.3-1.

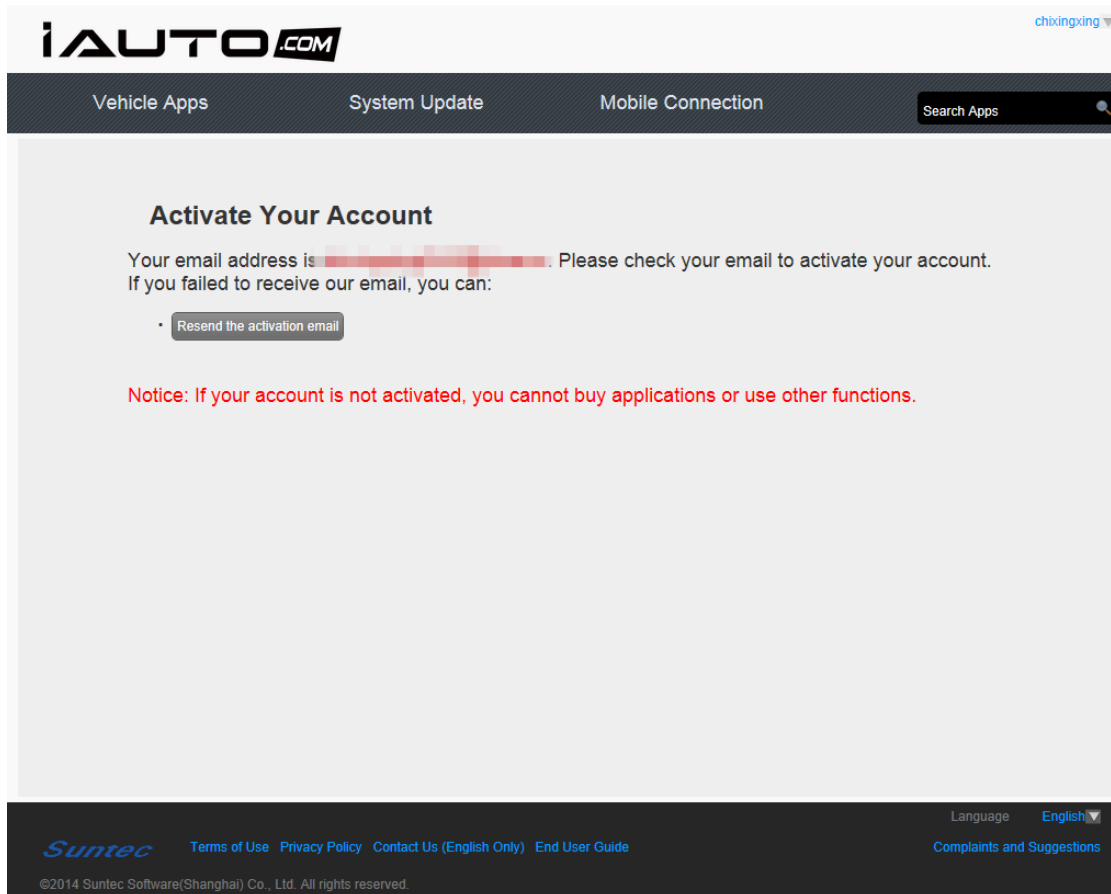

Figure 2.1.3-1

4. Click on the link provided to you in your email to activate your account. This will take you to a successful verification page, and the browser will automatically navigate to the iAuto Store home page within 5 seconds, as shown in figure 2.1.4-1.

If you failed to receive the email, you can click on the “Resend activation email” button, as shown in figure 2.1.3-1.

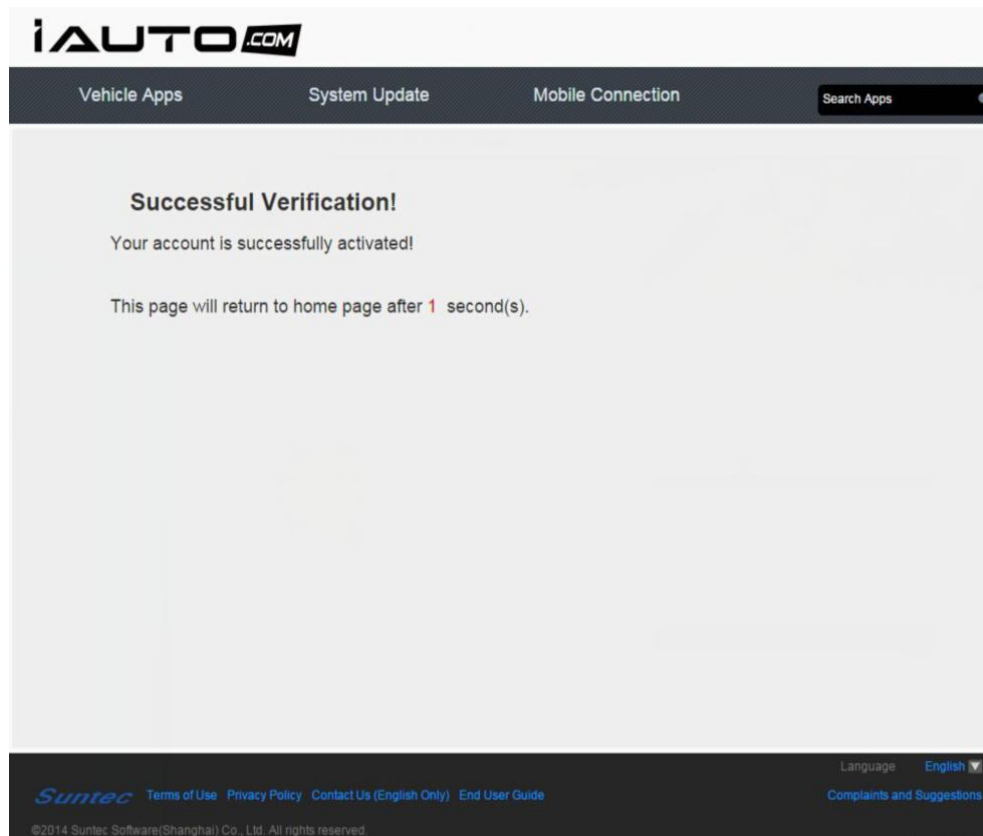

Figure 2.1.4-1

3. Login

3.1. Login Account

The following steps help to explain the login process:

1. Click “Login” in the top right corner of the home page. To illustrate, the login box is shown in figure 3.1.1-1.

Figure 3.1.1 -1

2. Input your User Name and Password into the login box and then click “Login.” In the top right corner, you will see your user name as currently logged in. This is shown in Figure 3.1.2-1.

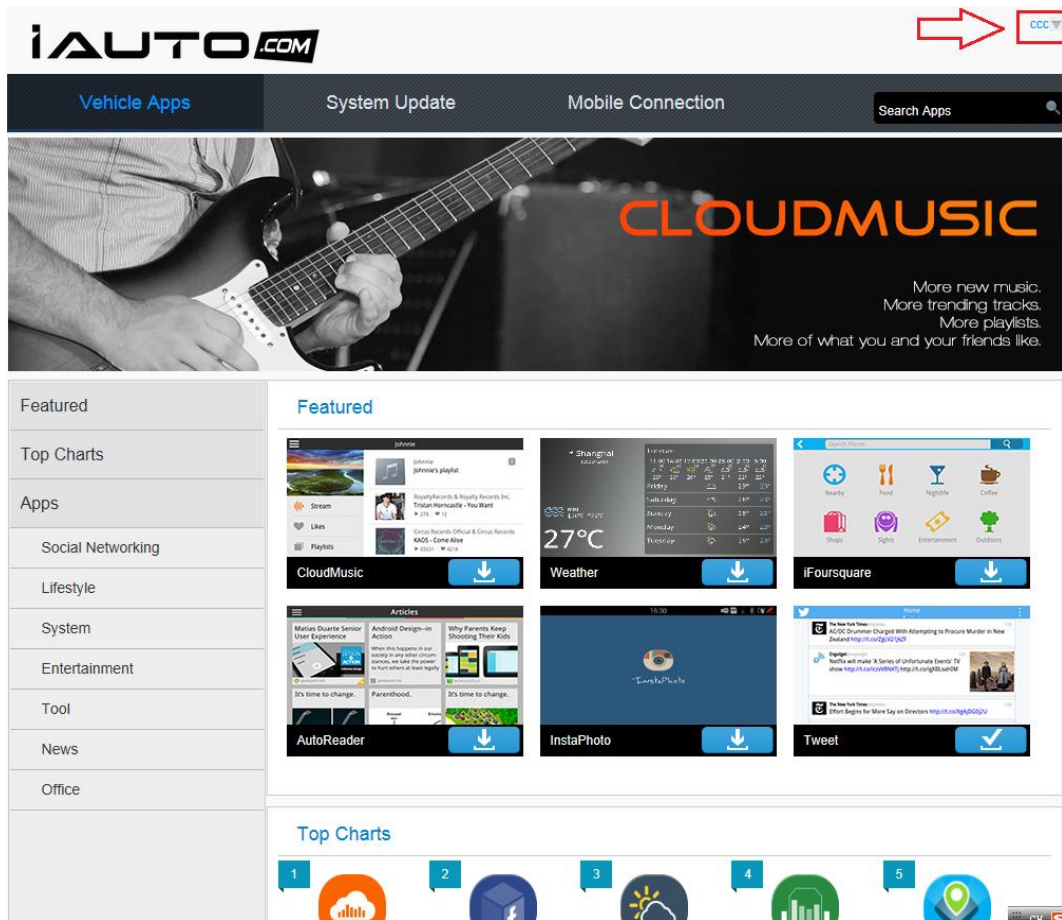

Figure 3.1.2-1

3.2. Forgot Password

1. If you have forgotten your password, first click the “Forgot Password” button and you will see the “Forgot Password” page, as shown in figure 3.2.1-1.

Figure 3.2.1-1

2. Input your User Name and Email address. Click the “Forgot Password” button and you will be taken to a new page showing successful verification. You can now check your email to reset your password, as shown in figures 3.2.2-1 and 3.2.2-2.

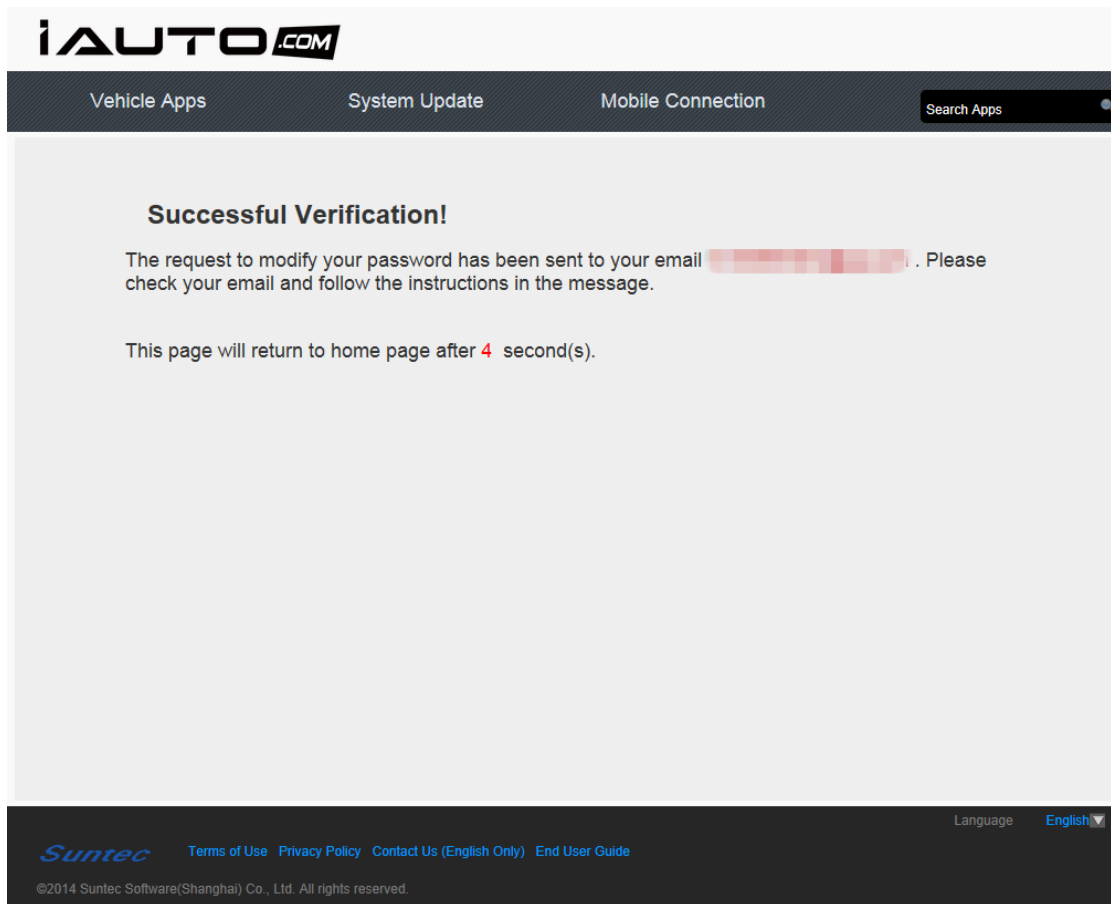

Figure 3.2.2-1

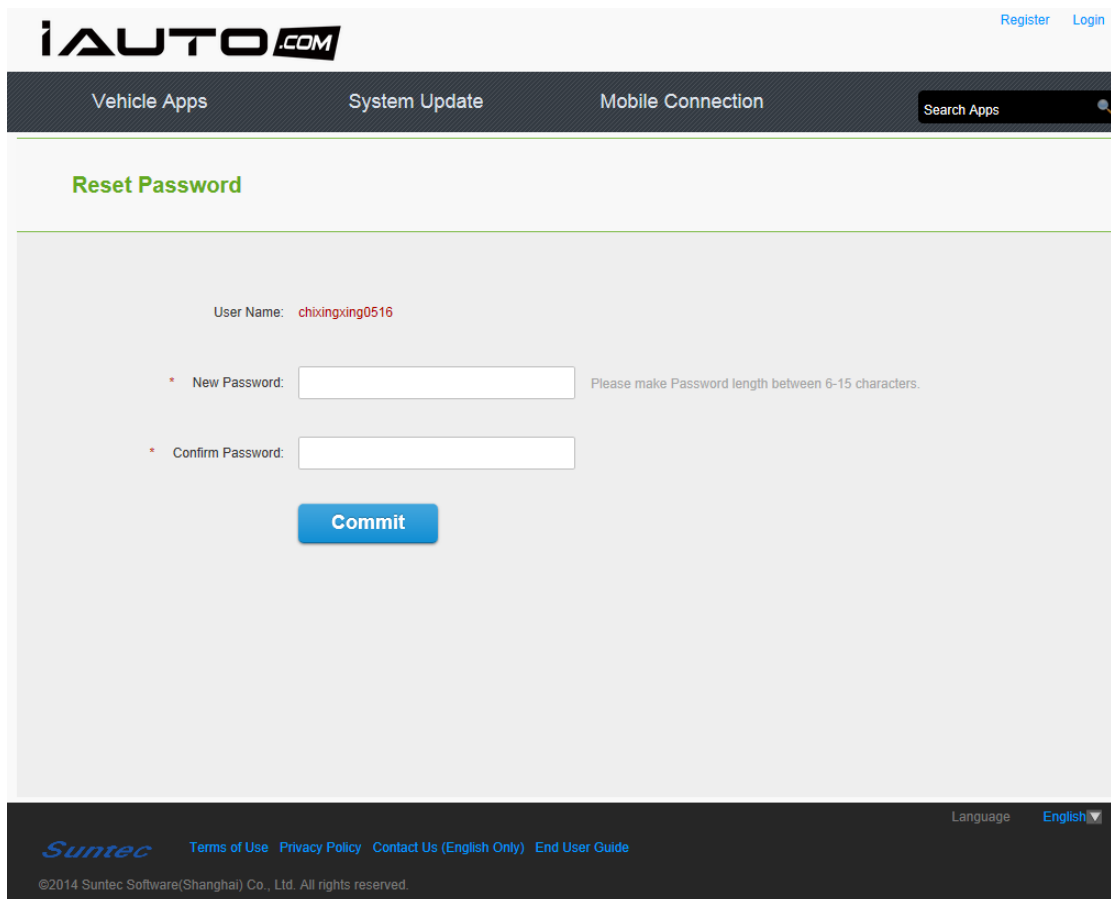

Figure 3.2.2-2

3. Input your new password and confirm it. Click “Commit” and you will see a prompt box confirming your password change, as shown in figure 3.2.3-1.

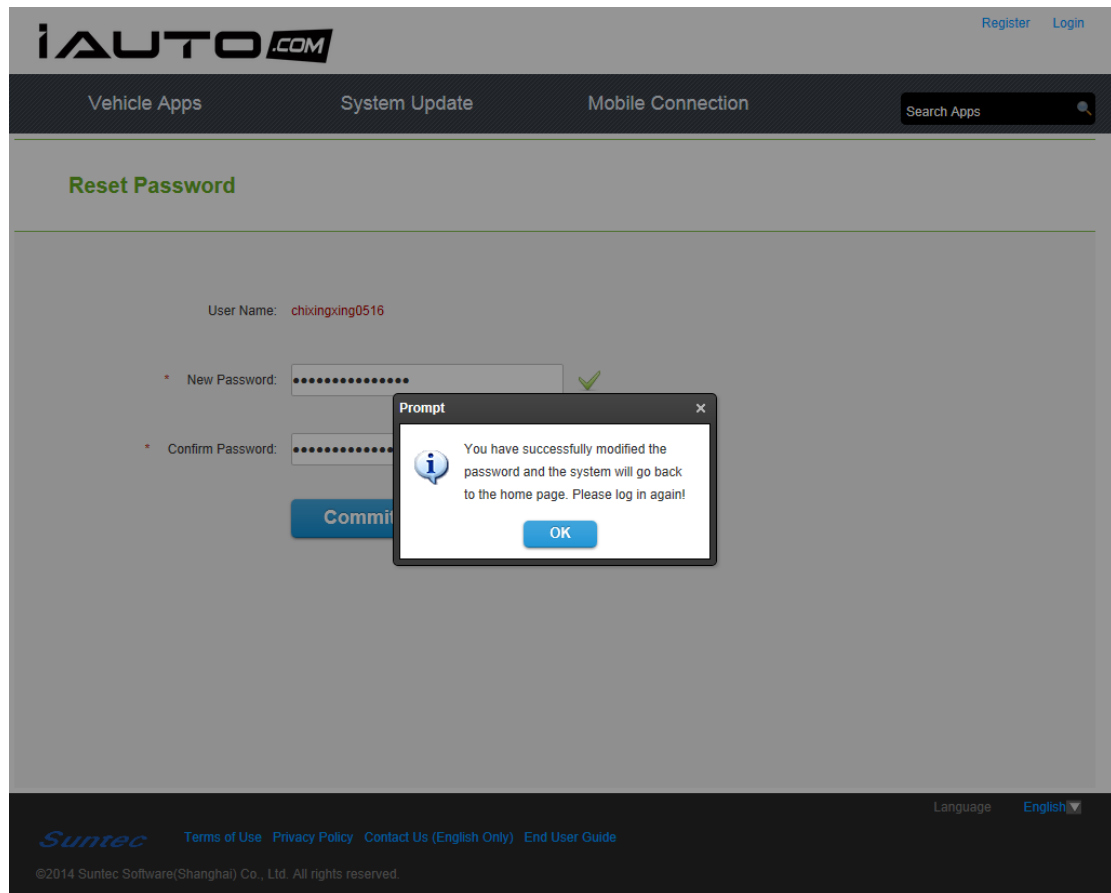

Figure 3.2.3-1

7. This notification box confirms that you have successfully modified your password. Click “OK” and the page will go back to iAuto Store home page where you can log into your account with your new password.

4. Vehicle Apps

4.1. Download Free Applications

The following steps explain how to download applications for free:

1. Input application names into the search box, as shown in figure 4.1.1-1. This allows you to view applications that match your exact search, or you can filter your searches by category. If

this application is available for free, you will see download icon.

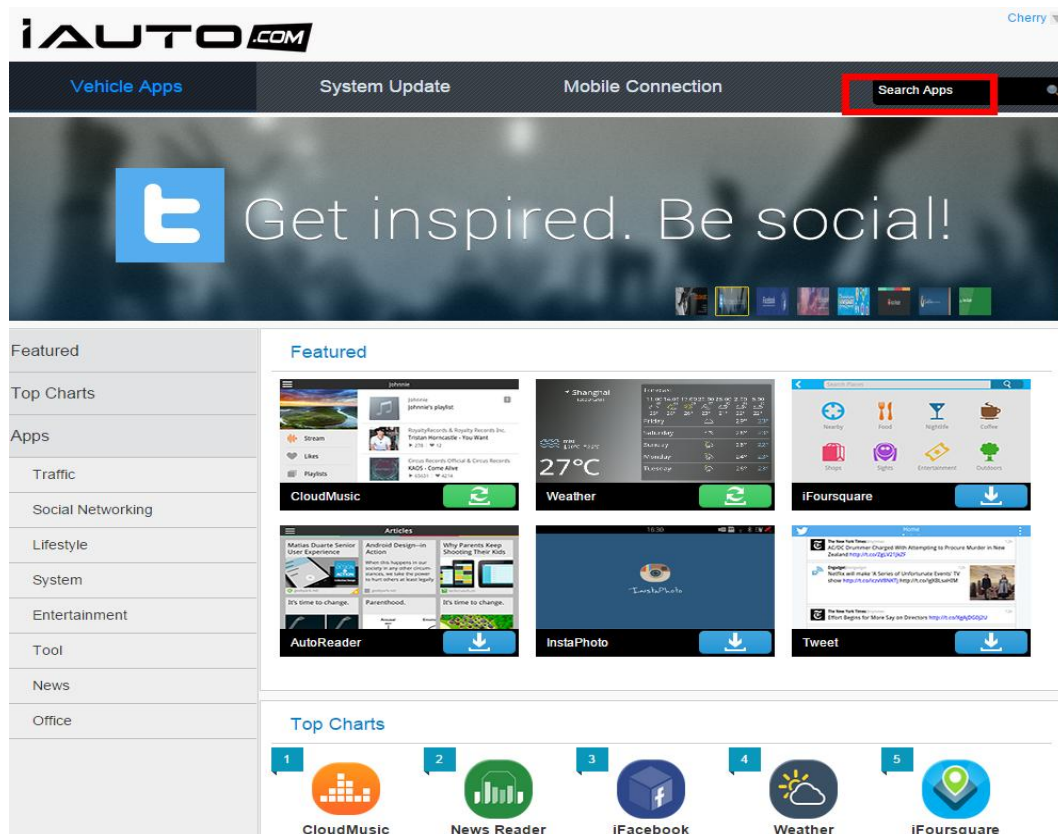

Figure 4.1.1-1

2. Click the “Download” icon in the search results and you will see an “App Download” dialog box, as shown in figure 4.1.2-1. You may not download applications on to your computer directly. You need to log into your account on your device, and the packages will downloaded to your device automatically. Note: Applicable data usage fees may apply.

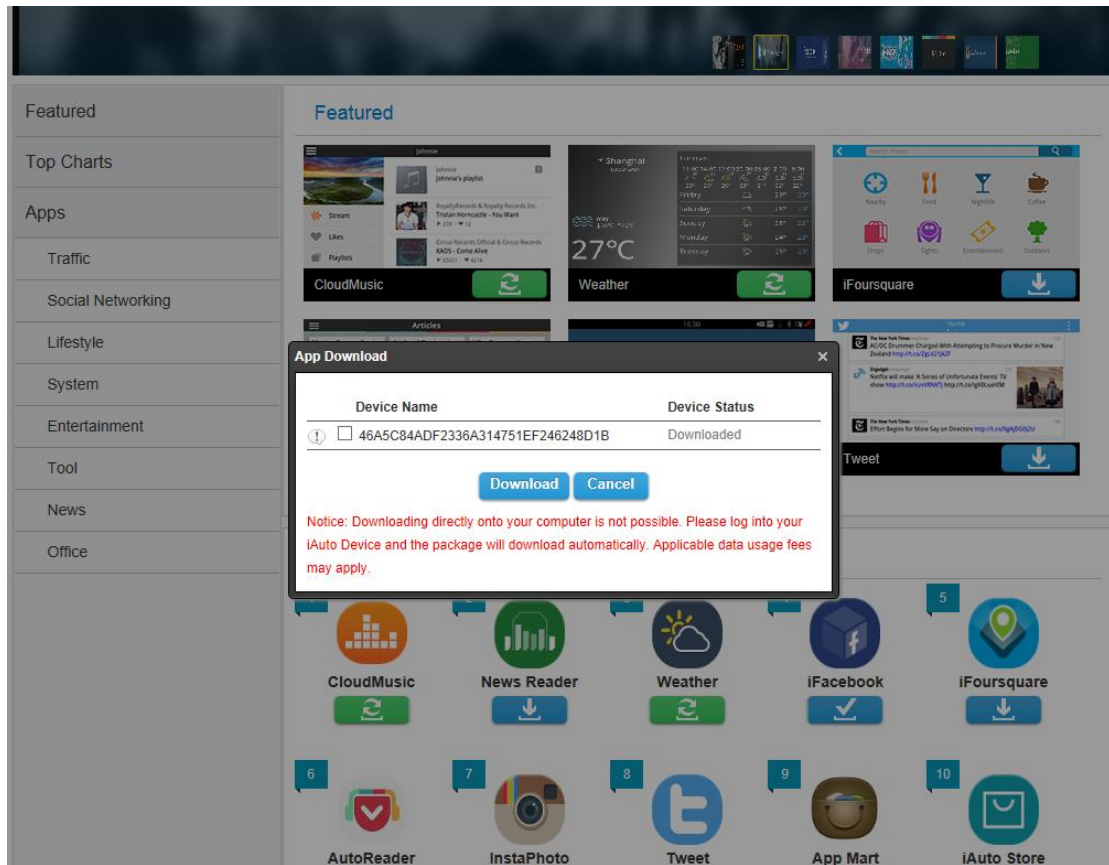

Figure 4.1.2-1

- Besides this method, you can click the “Download” icon in the detailed information page, as shown in figure 4.1.3-1.

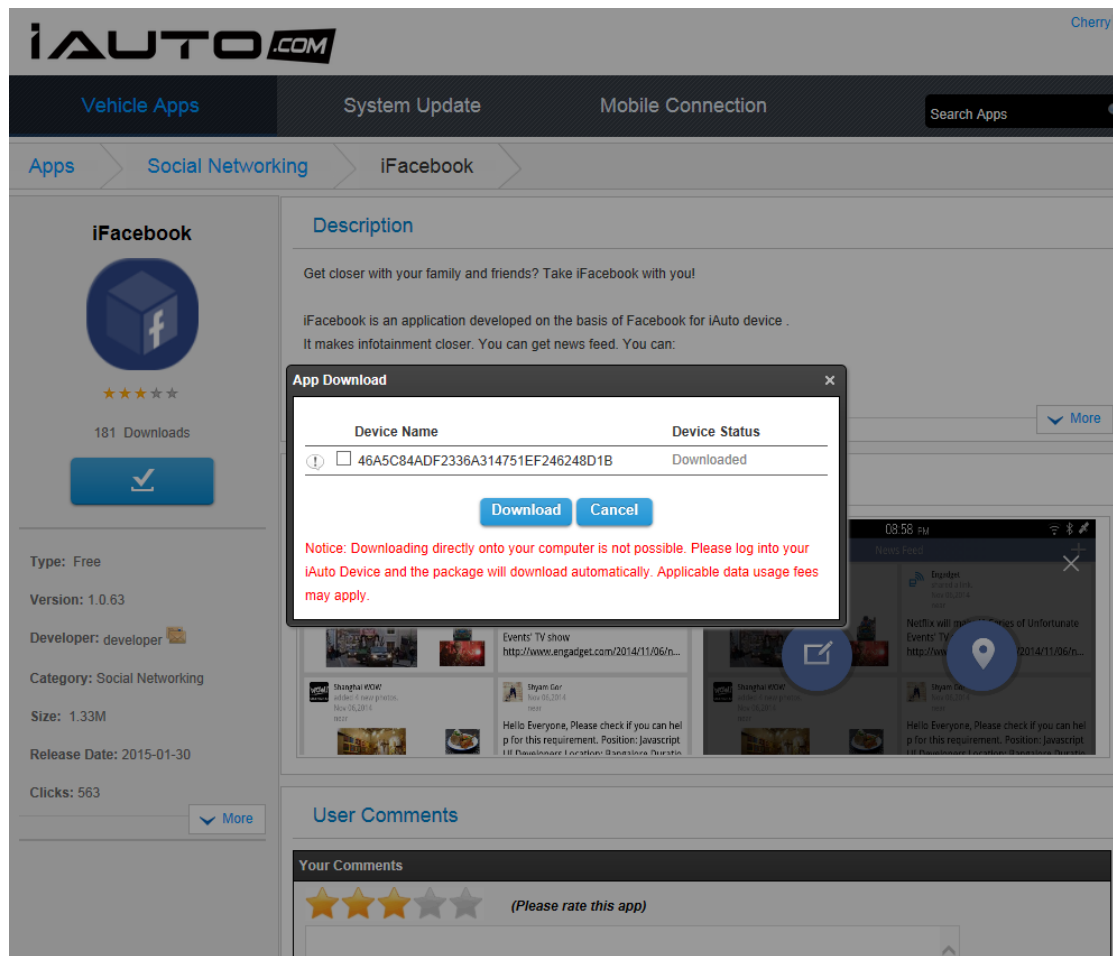

Figure 4.1.3-1

4. You may choose one or more devices in the “App Download” dialog box. Click the “Download” button, and a confirmation box will pop-up, as shown in the figure 4.1.4-1. If you choose to cancel this request, you will stop downloading and close the prompt box.

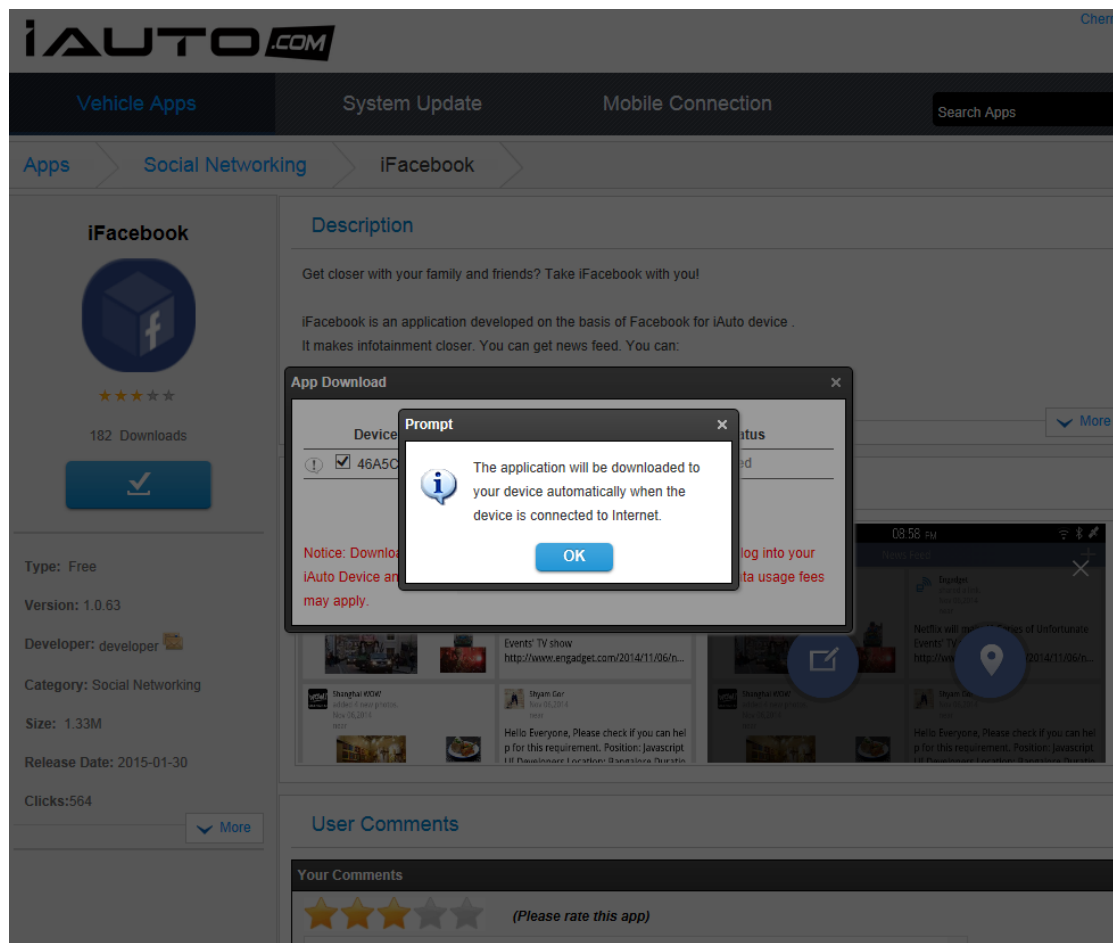

Figure 4.1.4-1

5. Click “OK” and the application is ready to be installed on to your devices. For example, you can share your mobile internet network with your iAuto Device when you go back to your car. Once your iAuto Device is connected to the Internet, your applications will download automatically.

4.2. Download Paid Applications

Please note the following steps in order to download paid applications:

1. Type the name of the application in the search box. The search results will show applications that match your query. Alternatively, you can filter your searches by category.
2. Click an application to access the detailed information page, as shown in figure 4.2.1-2.

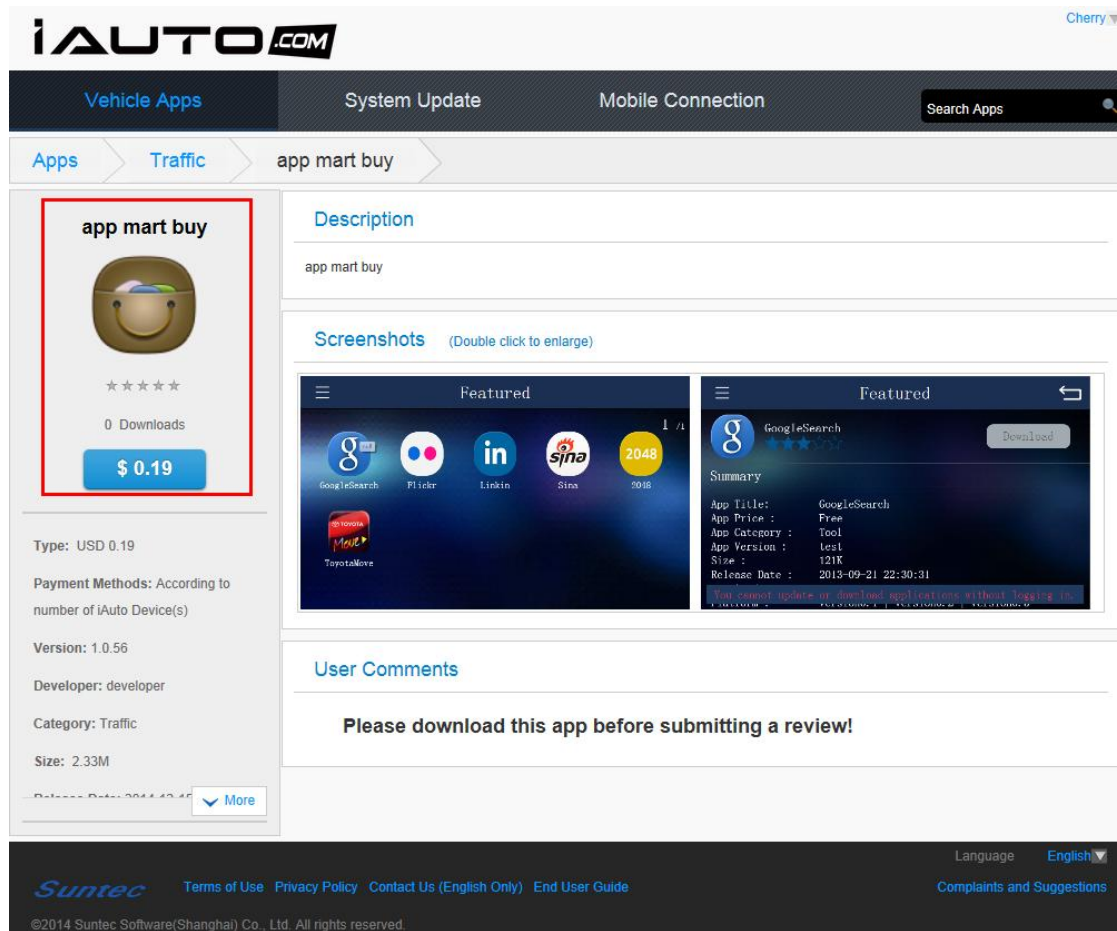

Figure 4.2.1-2

3. Click “Price” below the application icon, and you will see an “App Download” dialog box, as shown in figure 4.2.3-1.

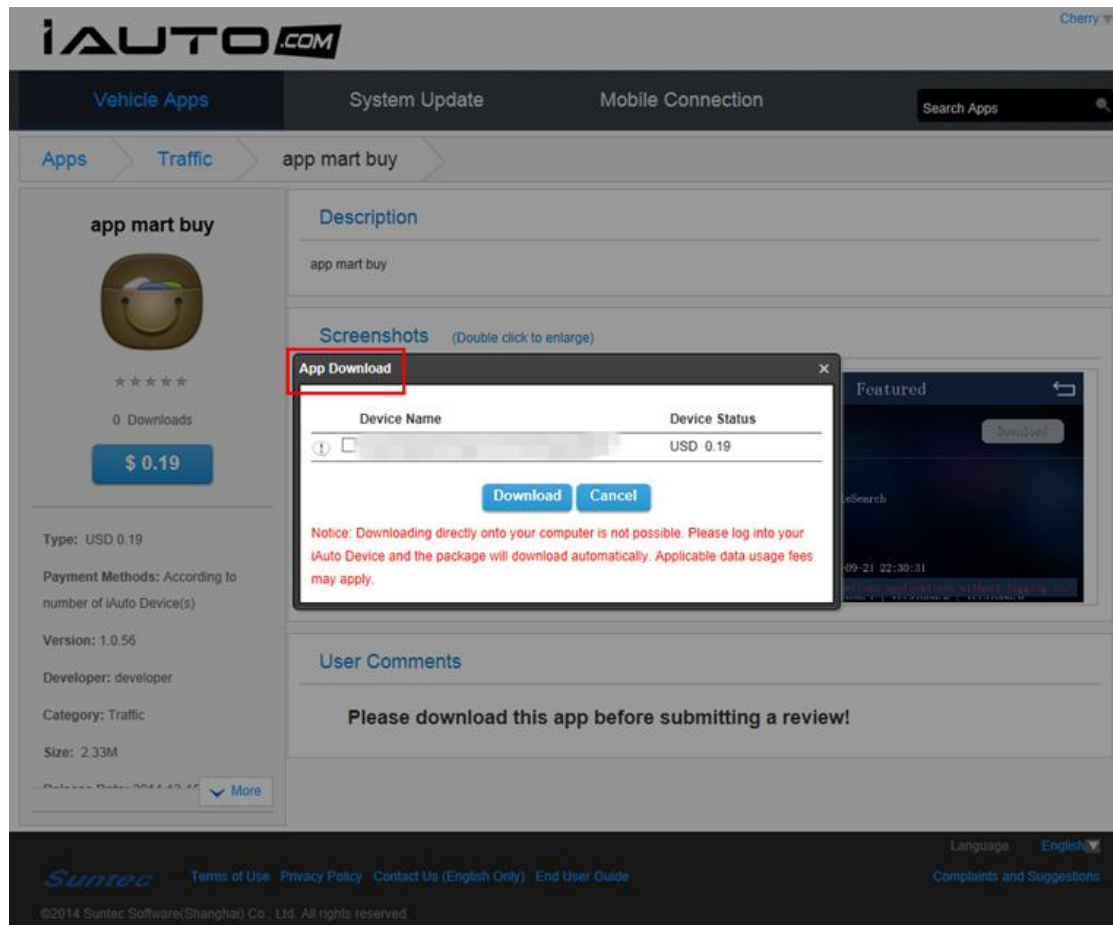

Figure 4.2.3-1

4. Choose one or more devices, and you will find the total price at the bottom, as shown in figure 4.2.4-1.

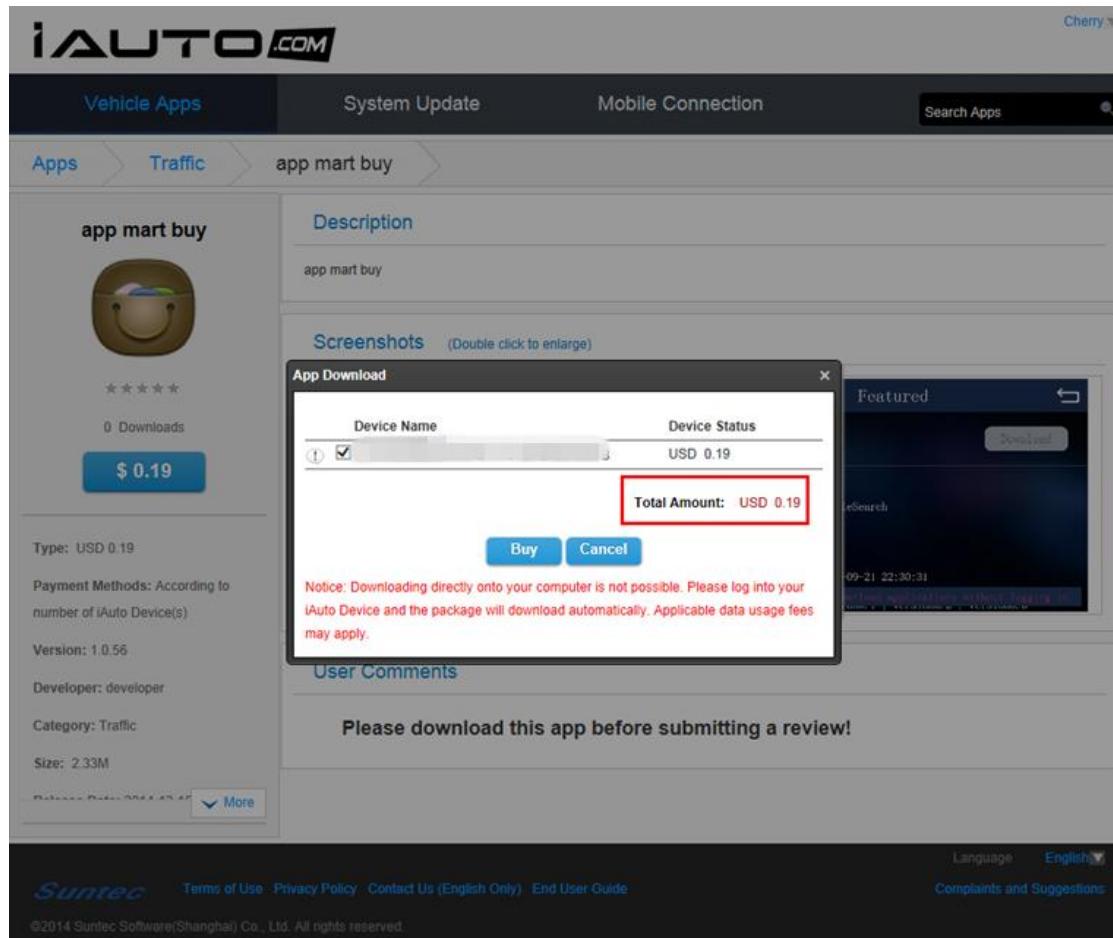

Figure 4.2.4-1

5. By clicking the “Buy” button, you will be directed to the payment page, as shown in figure 4.2.5-1. If you cancel the transaction, you will not be charged for any items, as shown in figure 4.2.5-1.

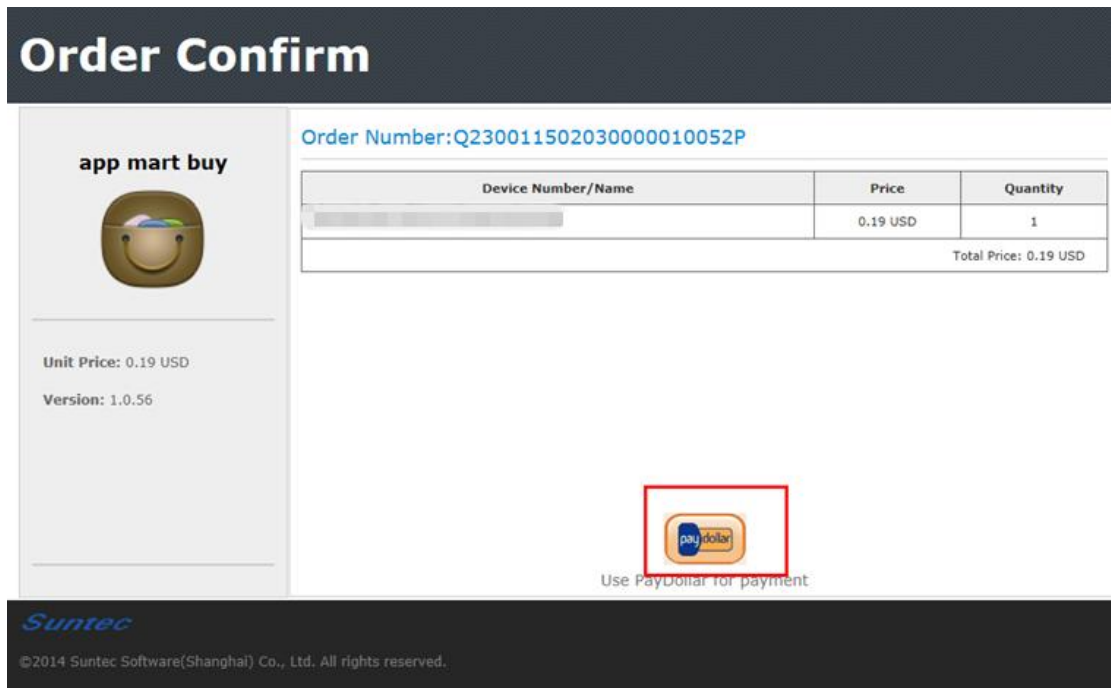

Figure 4.2.5-1

6. When you click “paydollar” on the payment webpage, you will be directed to the *Paydollar* payment page, as shown in figure 4.2.6-1.

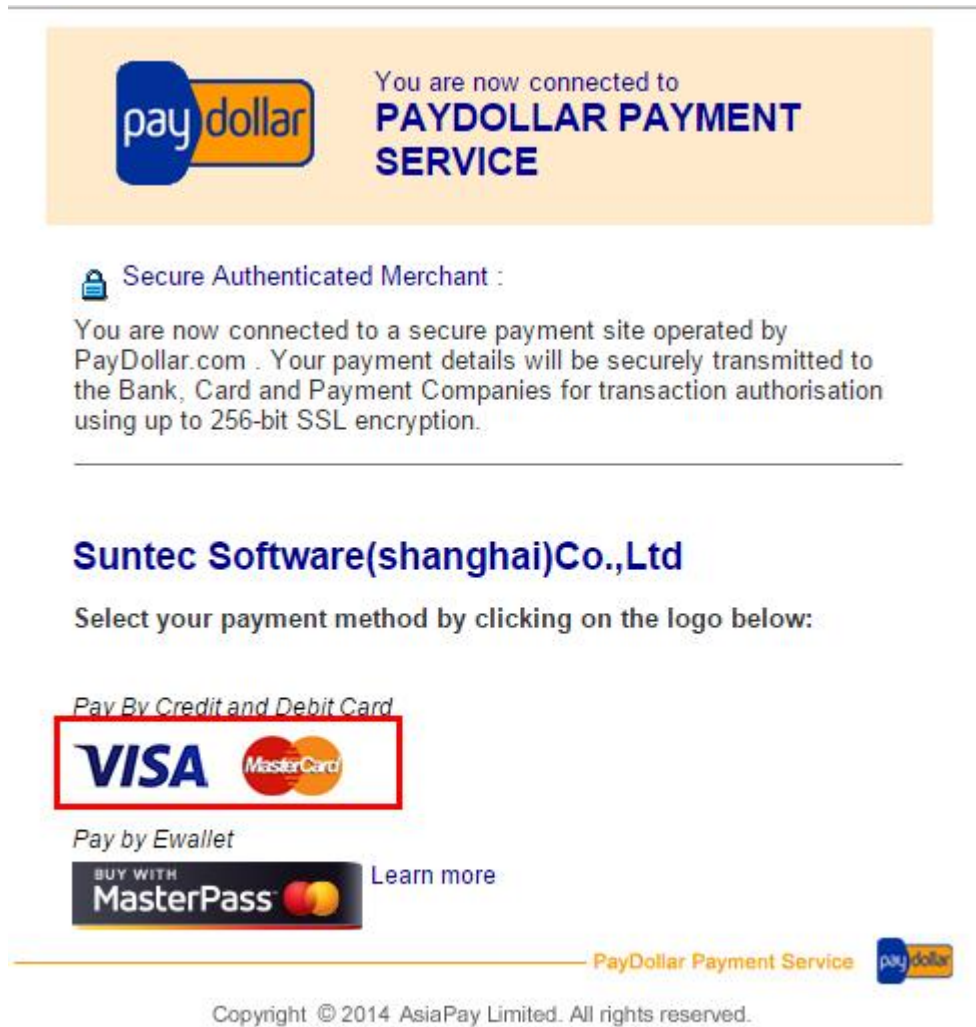

Figure 4.2.6-1

7. The iAuto Store supports two payment methods: VISA and MasterCard. During the payment process, we do not record any of your credit card information. At this point, you can choose your preferred payment method, and you will be directed to the appropriate payment page, as shown in figure 4.2.7-1.

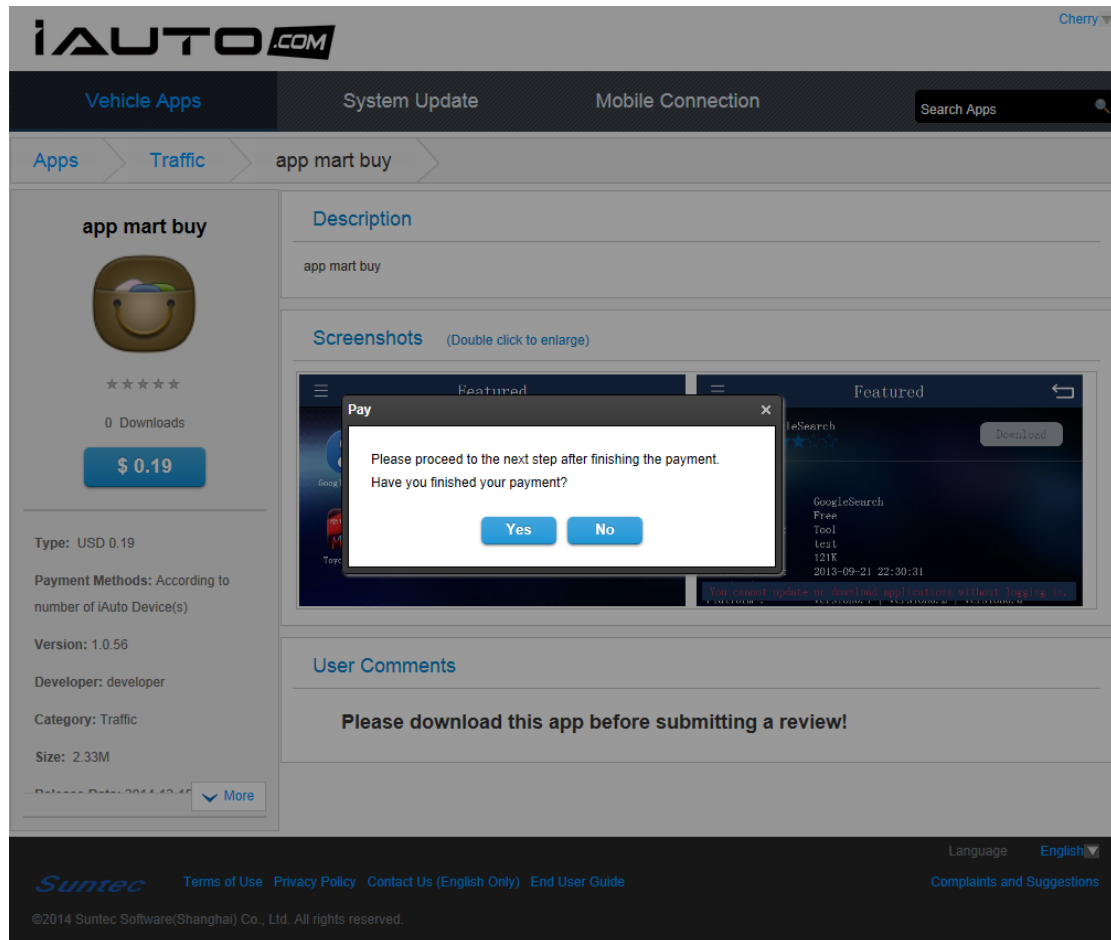

Figure 4.2.12-1

13. When you click “Yes,” the device status will be shown as “Purchased” in the application downloading page, as shown in figure 4.2.13-1.

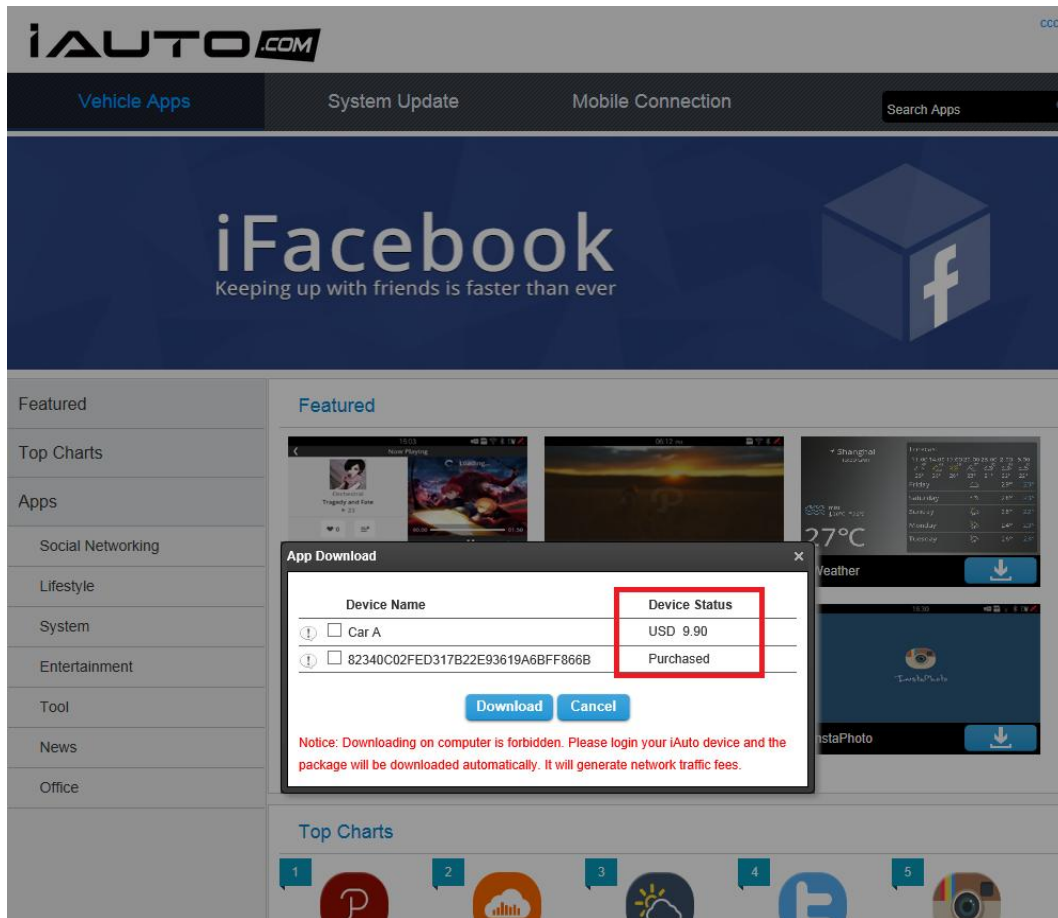

Figure 4.2.13-1

14. Click “Download” to finish downloading. If you click “Cancel”, your download will remain incomplete.

5. System Update

System Update is designed to update the iAuto platform and navigation map data of the iAuto vehicle system. This includes two different options:

- Full package: complete system update package with or without navigation map data.
- Patch package: updates certain platforms only.

Note: You may be request to install an update package for free or with fees. In addition, each time you update the system, you will need to download two files: an Update Key file and a Package file.

5.1. Two Search Methods

We provide two methods to find available packages, that is: Search by AuthCode/Search by Device.

5.1.1. Search by Device

1. Click “System Update” and you will be directed to the “System Update” page.

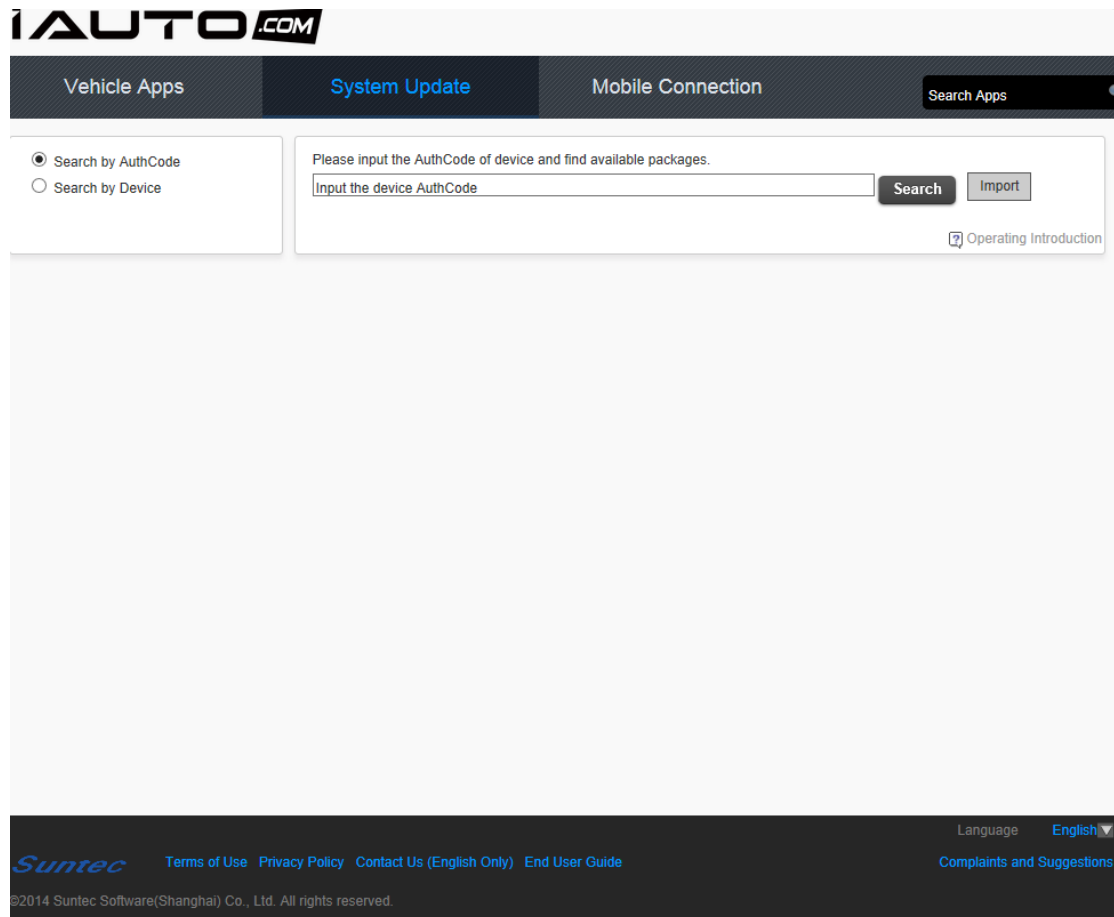

Figure 5.1.1.1-1

2. Click “Search by Device” and you will find all the devices in blue drop-down box. Select the device and find available packages, as shown in figure 5.1.1.2-1.

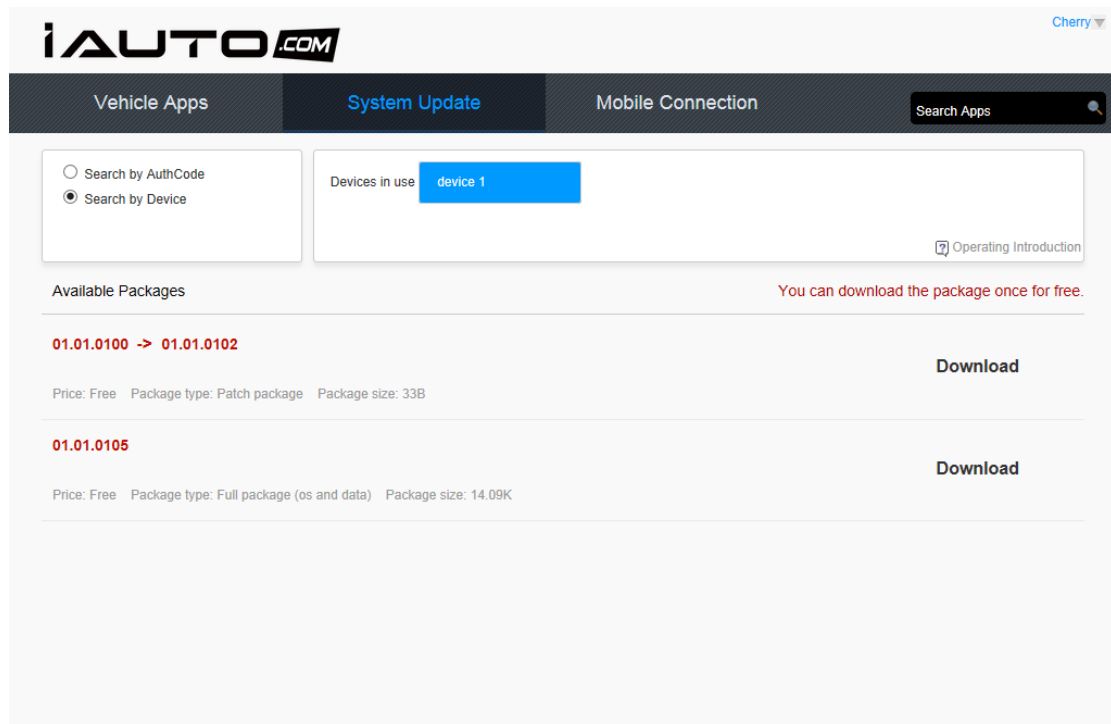

Figure 5.1.1.3-1

5.1.2. Search by AuthCode

1. There are two methods of acquiring the AuthCode. Click “Operating instructions” for more details, as shown in figure 5.1.2.1-1.

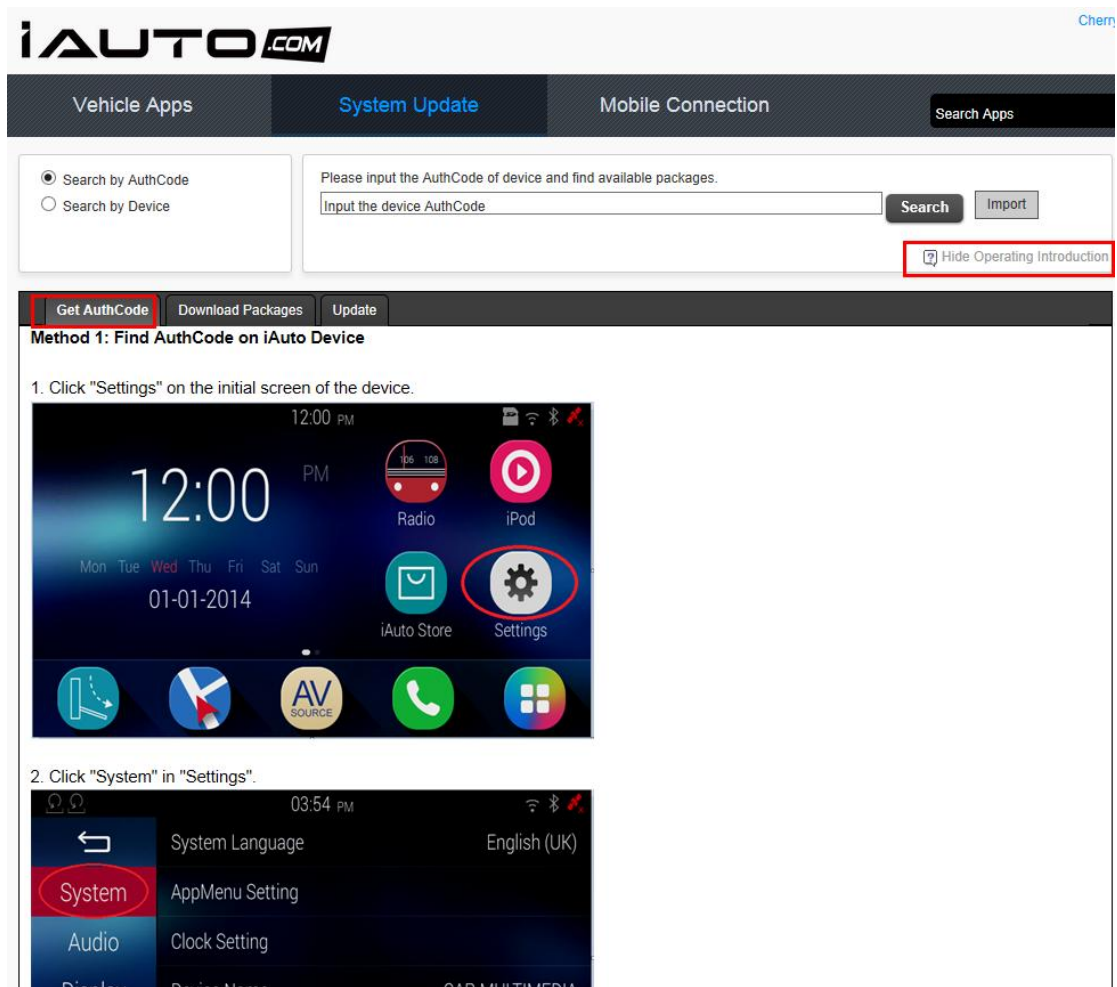

Figure 5.1.2.1-1

2. Input or import the AuthCode of the device, and the results page will show you the latest update packages to download, as shown in figure 5.1.2.2-1.

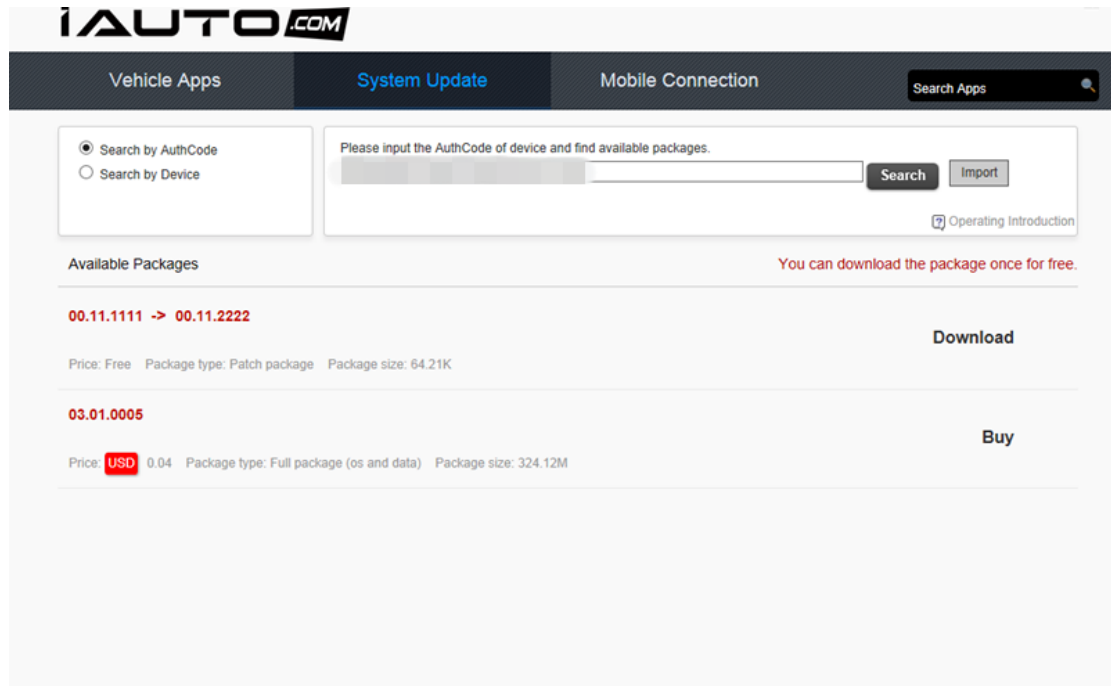

Figure 5.1.2.2-2

5.2. Downloading Packages

5.2.1. Downloading Free Packages

The following instructions are for your reference.

1. Input or import AuthCode and find available free packages to download, as shown in figure 5.2.1.1-1.

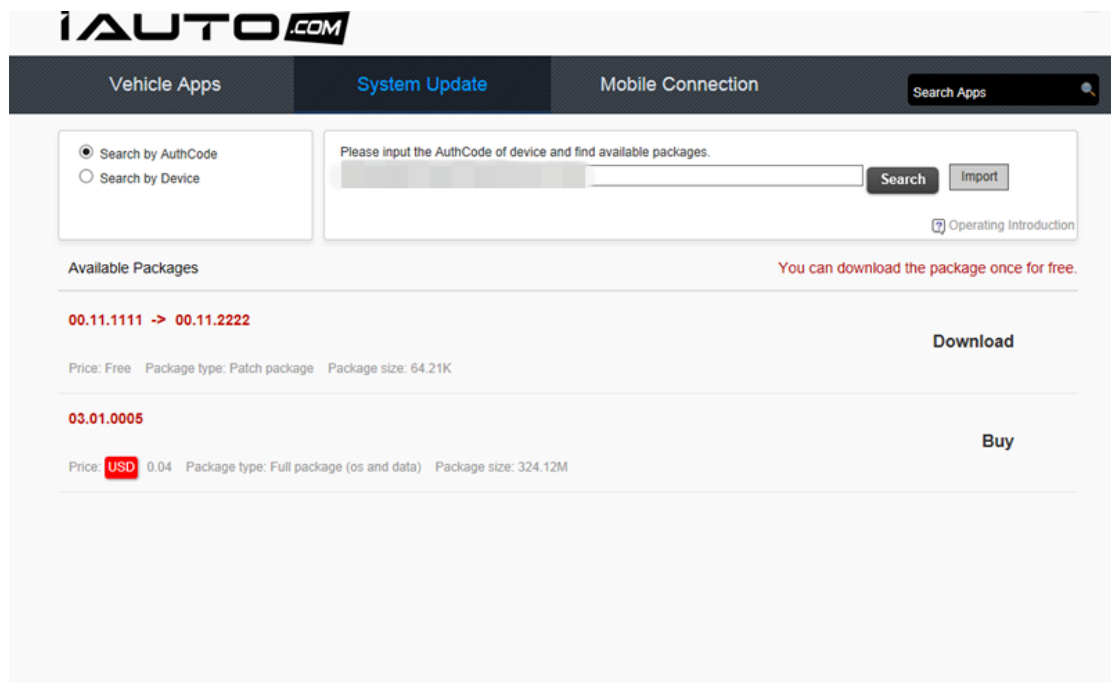

Figure 5.2.1.1-1

- Click “Download” and download the “Update Key” and “Packages” to your SD card, as shown in figure 5.2.1.2-1 and 5.2.1.2-2.

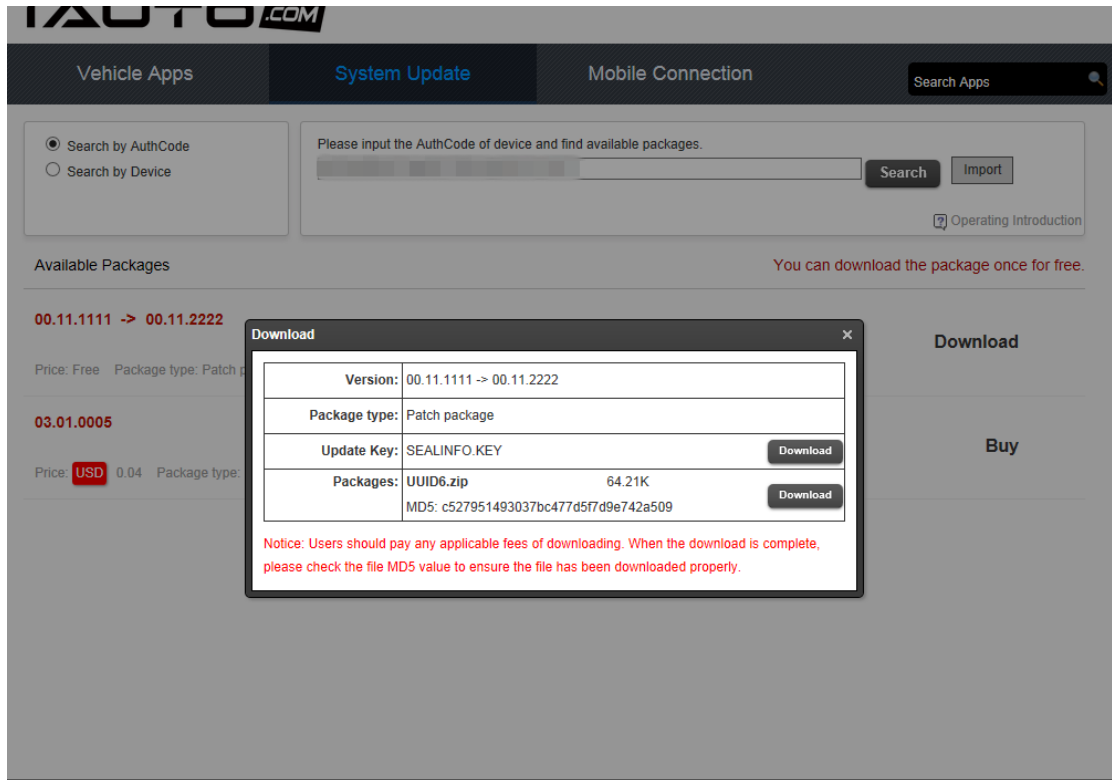

Figure 5.2.1.2-1

Figure 5.2.1.2-1

5.2.2. Download Paid Packages

Note: You can download packages once for free. The following instructions are for reference.

1. Click “Buy” and the system will pop up a dialogue box, as shown in figure 5.2.2.1-1.

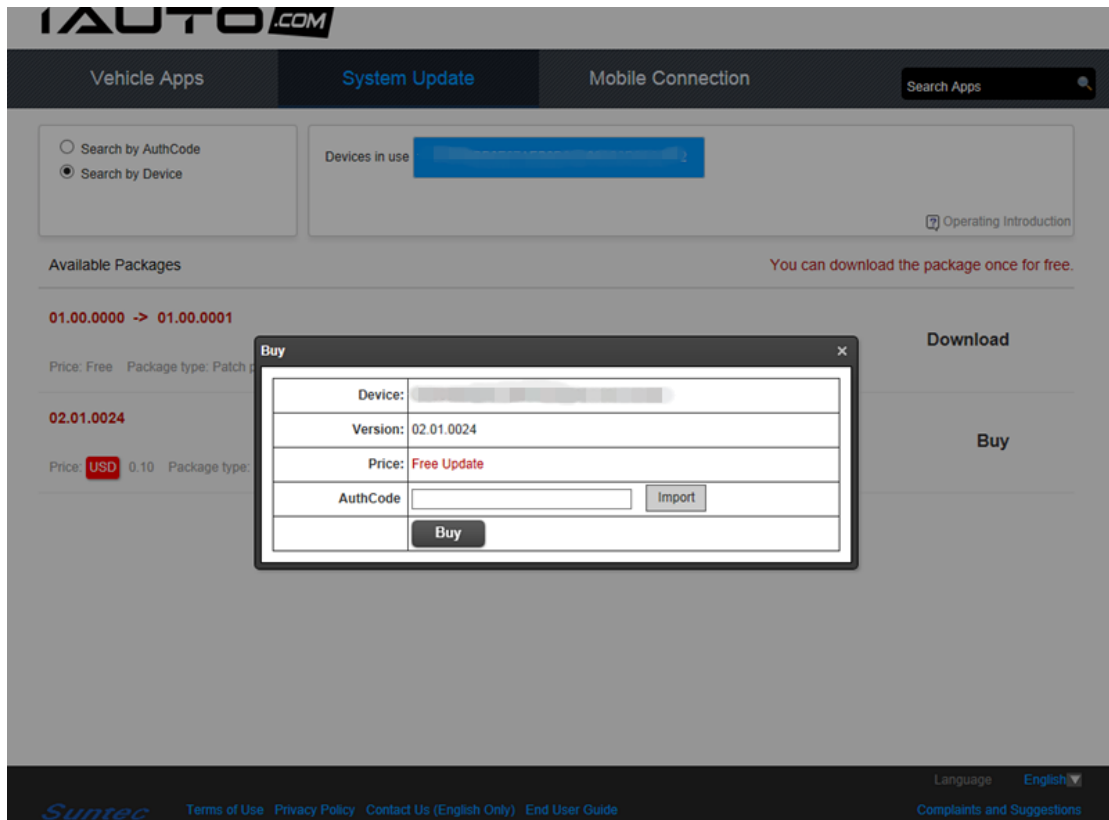

Figure 5.2.2.1-1

2. Input or import the AuthCode, and you will be directed to an order confirm page, as shown in figure 5.2.2.2-1.

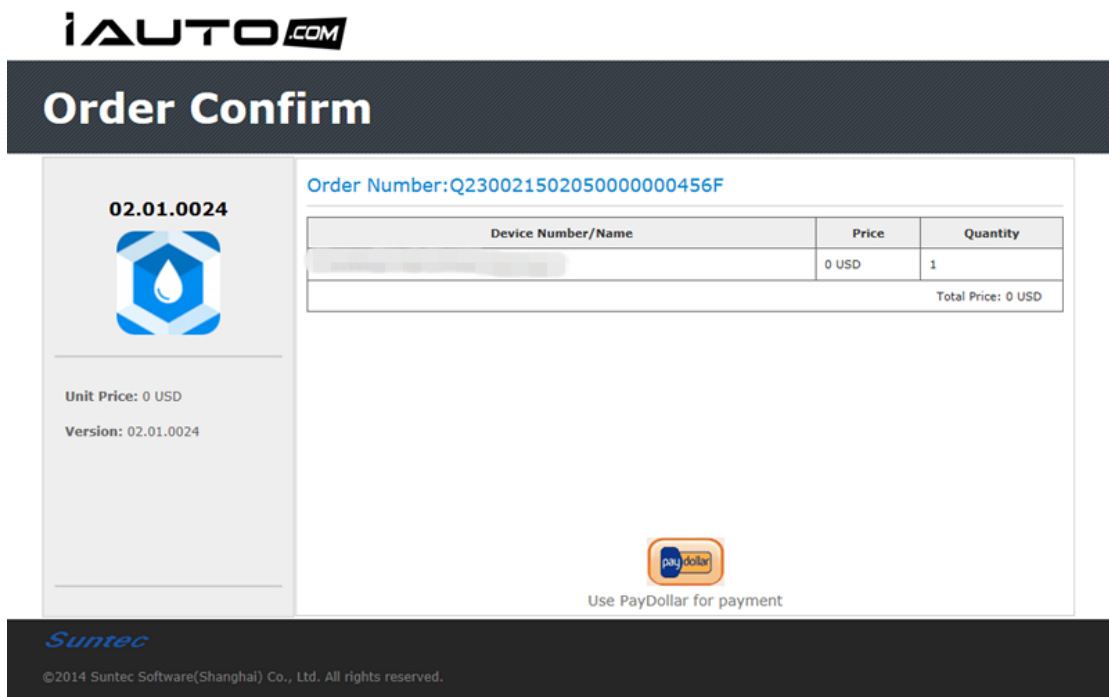

Figure 5.2.2.2-1

3. Click "pay dollar," and you will see the "Payment Result" page showing that you have

used the free policy service, as shown in figure 5.2.2.3-1.

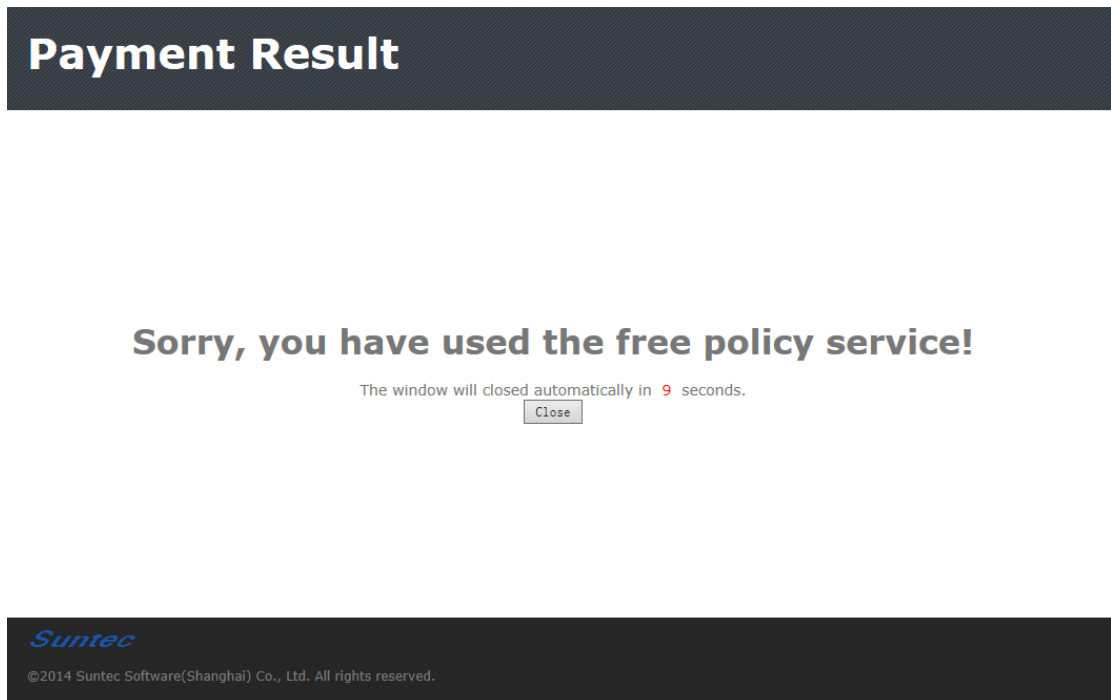

Figure 5.2.2.3-1.

- Another pop-up box will appear asking you if you have finished your payment. This is shown in figure 5.2.2.4-1.

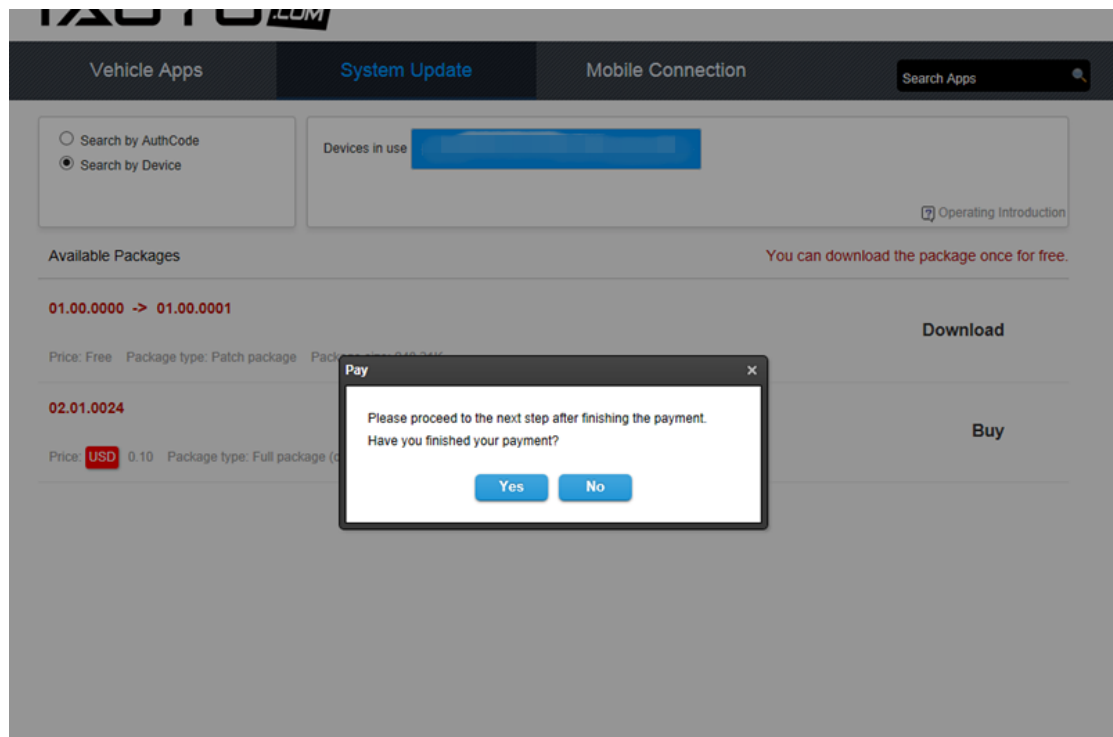

Figure 5.2.2.4-1

5. Click “Yes” and the package status will be shown as purchased, as shown in figure 5.2.2.5-1.

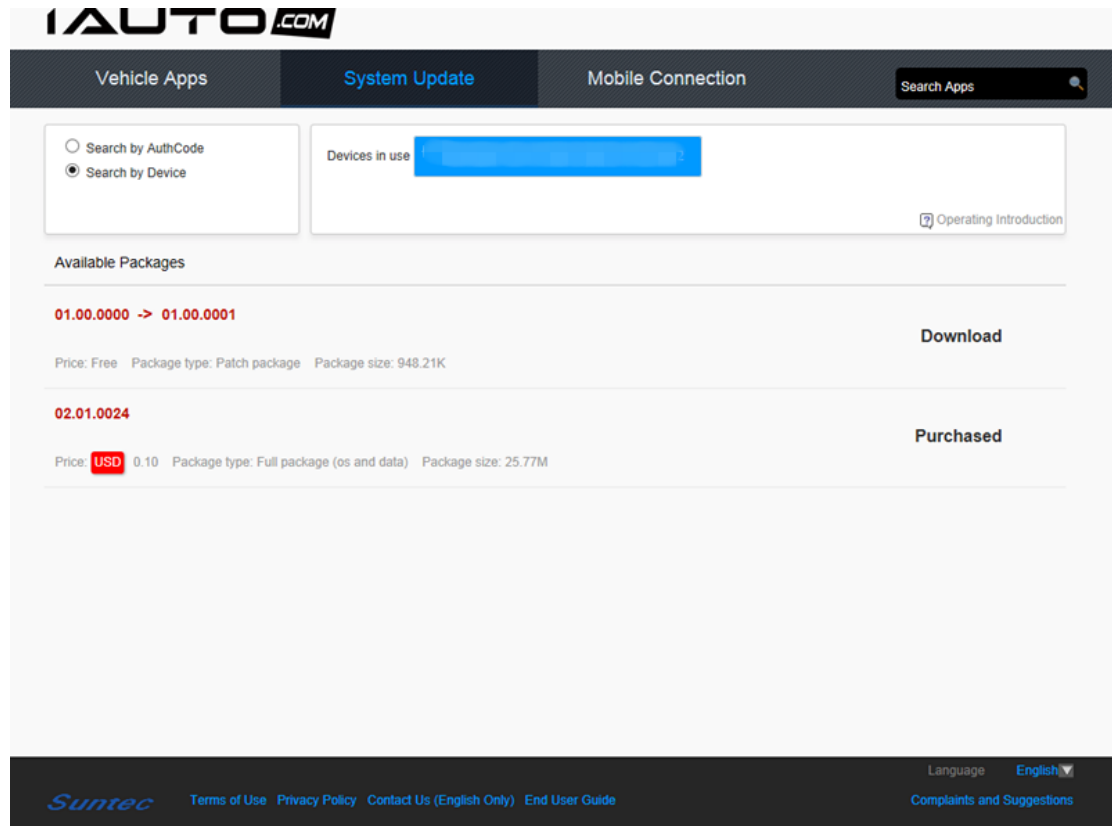

Figure 5.2.2.5-1

6. Click “Purchased,” and you will be prompted to download the “Update Key” and “Packages” to your SD card. Please click “Download” for both packages. This is shown in figures 5.2.2.6-1 and 5.2.2.6-2.

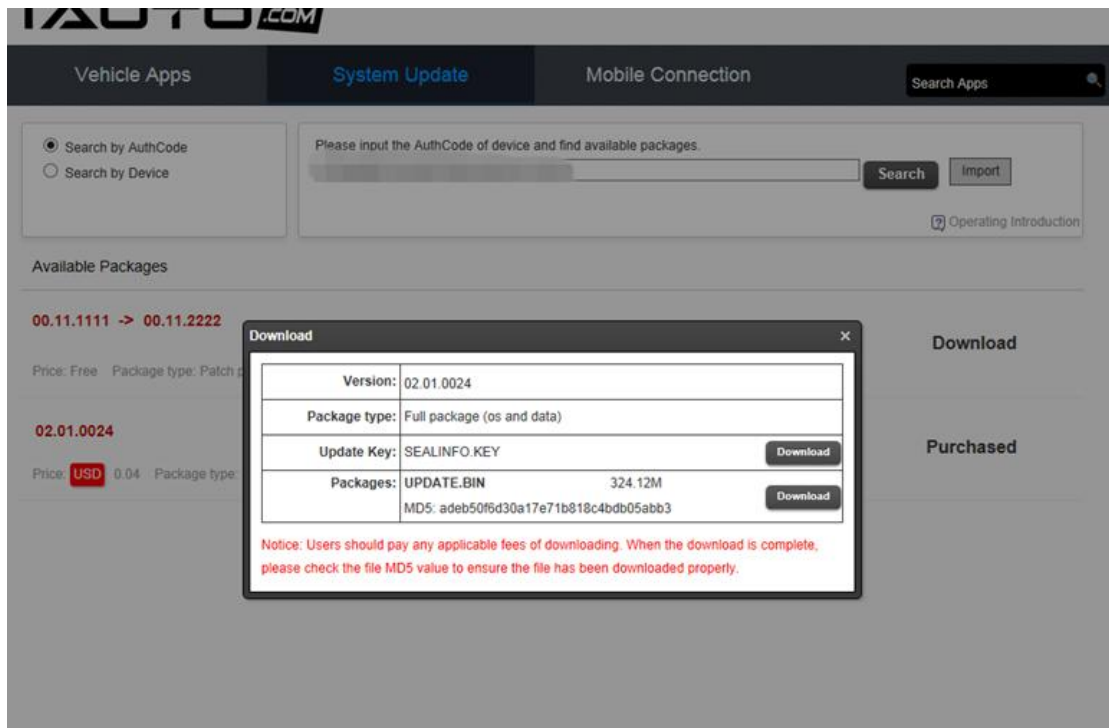

Figure 5.2.2.6-1

Figure 5.2.2.6-2

As mentioned before, you can enjoy the free download only once. For any subsequent downloads, you will need to pay the designated update fees. Please see the following instructions for further details.

7. In the **Buy** prompt box, Click “Buy” and a pop-up window will appear showing the transaction. See figure 5.2.2.7-1.

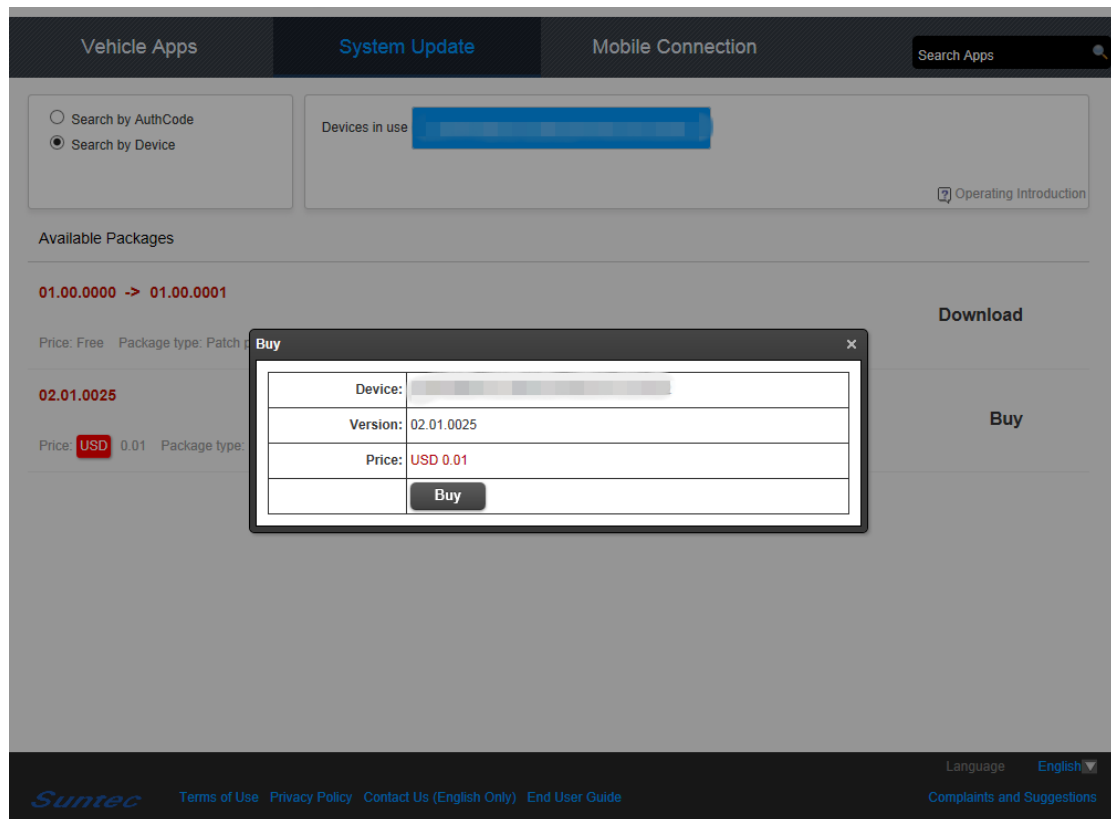

Figure 5.2.2.7-1

8. Click “Buy” and you will be directed to the “Order Confirm” page. From here, click the “paydollar” icon, as shown in figure 5.2.2.8-1.

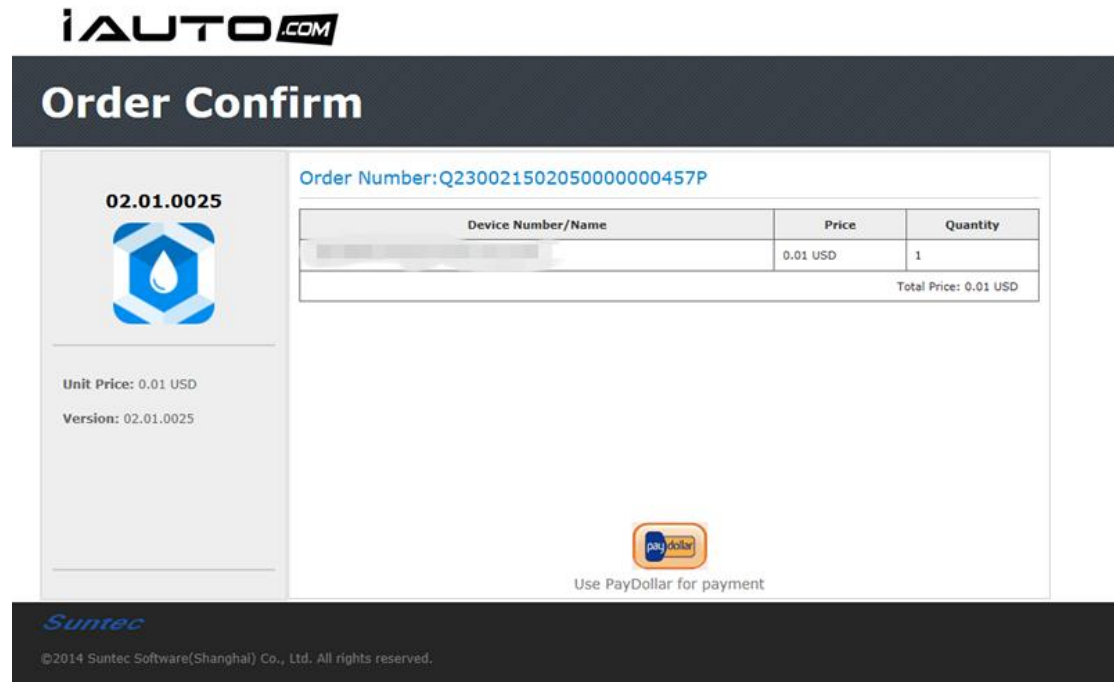

Figure 5.2.2.8-1

9. We accept two payment methods VISA and MasterCard, as shown in figure 5.2.2.9-1.

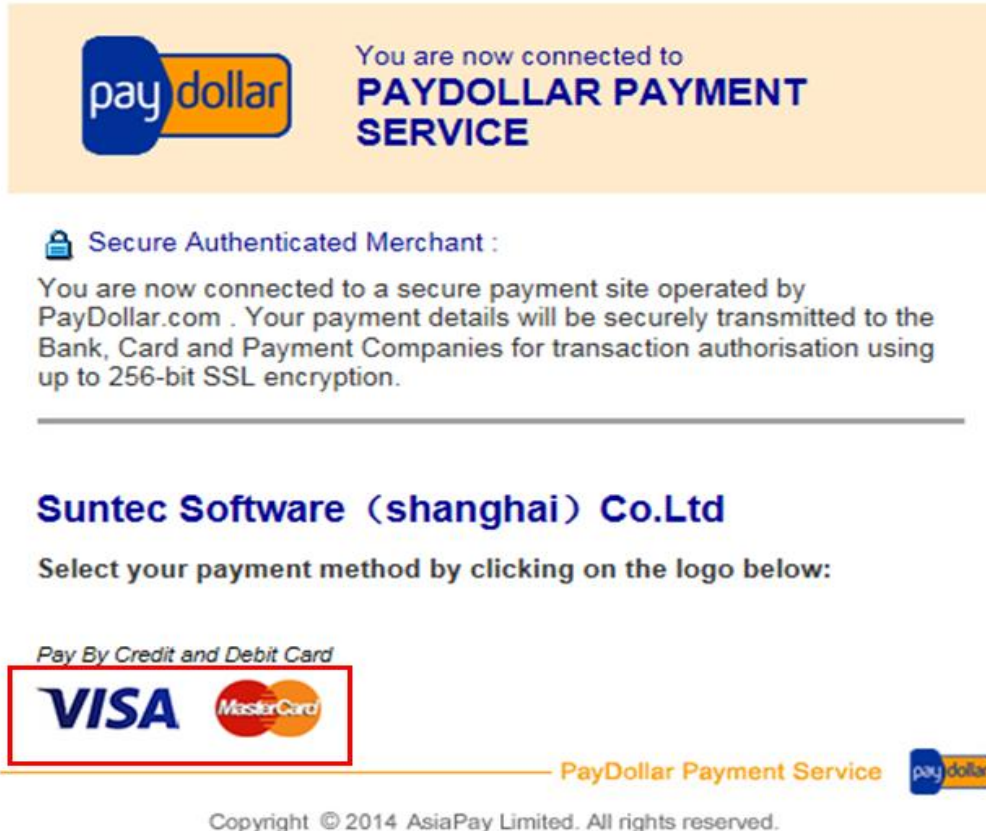

Figure 5.2.2.9-1

10. Here, you may enter your credit card information in the required fields. This is illustrated in figure 5.2.2.10-1.

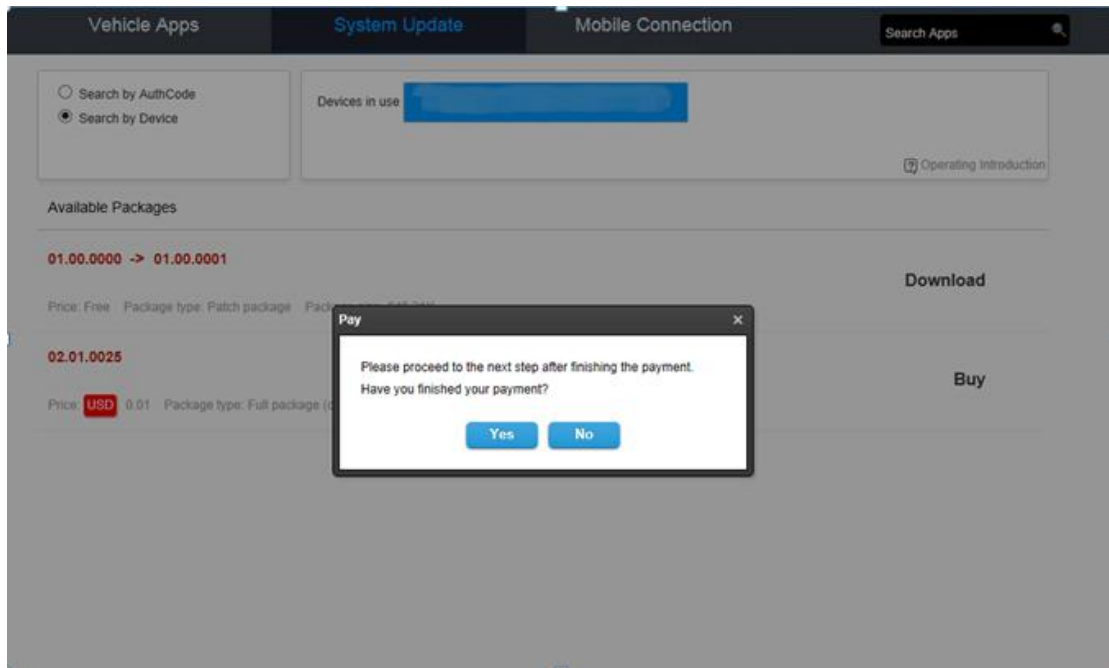

Figure 5.2.2.12-1

12. Click “Yes,” and the status of the package will be shown as "Purchased." You can upload "Update Key" and Packages on to your SD Card, as shown in figures 5.2.2.13-1 and 5.2.2.13-2.

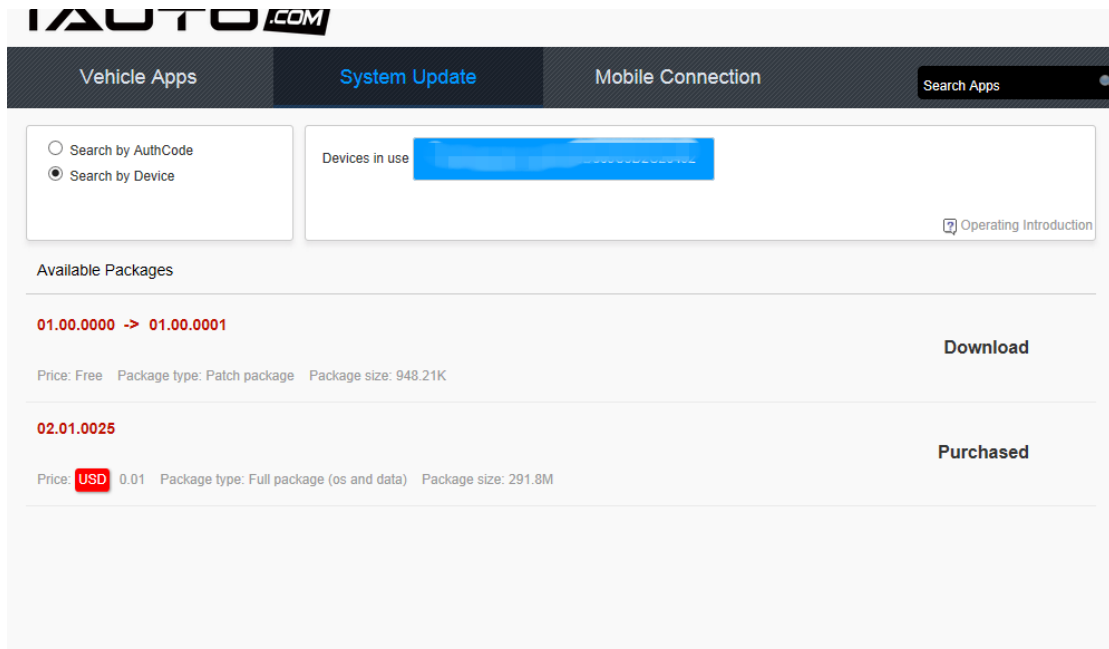

Figure 5.2.2.13-1

Figure 5.2.2.13-2

Important:

- Users can only download the map of the respective region of where the device was sold.
- The free space on an SD card is larger than the size of release for the update.
Except for India, a card with over 4GB of space is necessary. (Free space is 3GB)
As for India, a card with over 16GB of space is necessary. (Free space is 12GB)

5.3. Update

Insert your SD card to your iAuto Device and update the platform. You can find more details on operating instructions below in figure 5.3-1.

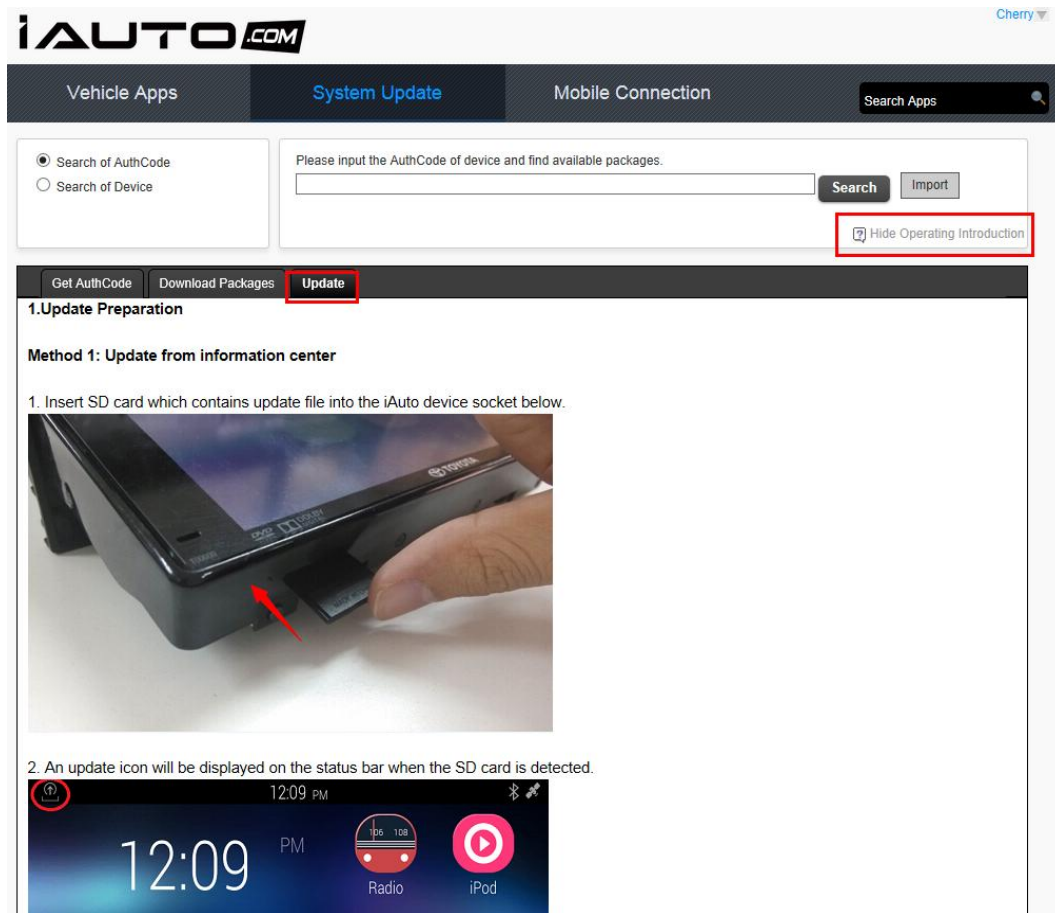

Figure 5.3-1

6. Mobile Connection

6.1. iAutoLink (Mobile)

6.1.1. Introduction

iAutoLink, created by Miracast, POI Transfer and AccountSync, provides amazing services like mirroring, navigation, package downloading, installation and update for iAuto Devices. You will find introductions to these unique features below.

1. Miracast Assist

- a) To ensure users can view auxiliary Apps while driving, Miracast brings a convenient way mirroring mobile applications to iAuto Device.
- b) Please find detailed online information in the iAuto Store: Mobile Connection/iAutoLink (Mobile)/Miracast Assist, as shown in figure 6.1.1-1.
- c) Currently, Miracast Assist can support Android System only, you can download the iAutoLink through Google Play or Local download (For more details about

downloading, please refer to 6.1.2).

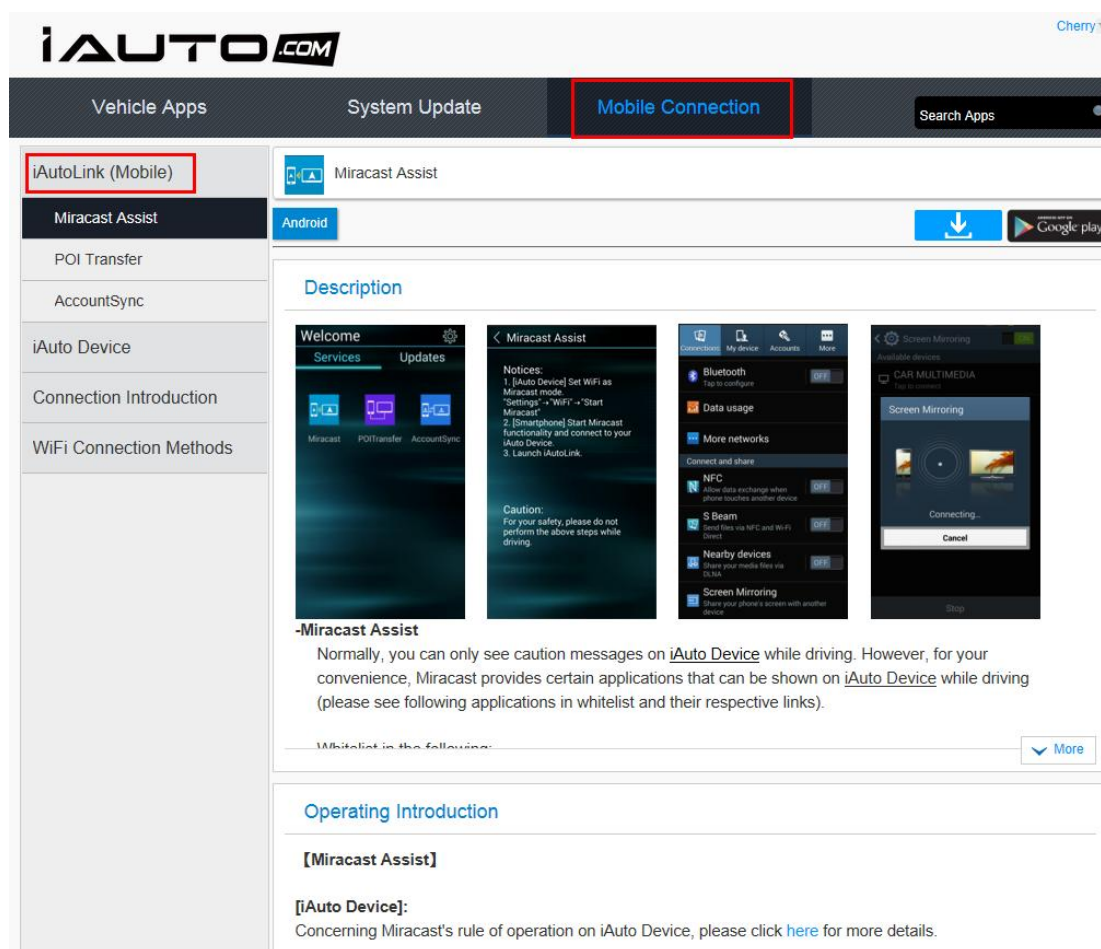

Figure 6.1.1-1

2. POI Transfer

- a) Search for your desired address information in your smartphone and then transfer the address information to your iAuto Device.
- b) Please find detailed online information in the iAuto Store: Mobile Connection/iAutoLink (Mobile)/POI Transfer, as shown in figure 6.1.2-1. There are two parts about POI Transfer (Apple iOS and Android, you can find their respective description, operating introduction and download link by clicking [Apple iOS](#) or [Android](#)).
- c) Currently, POI Transfer is available on Apple iOS (Supports iOS 8) and Android System, you can download iAutoLink through Apple Store/Google Play/Local Download (For more details about downloading, please refer to 6.1.2).

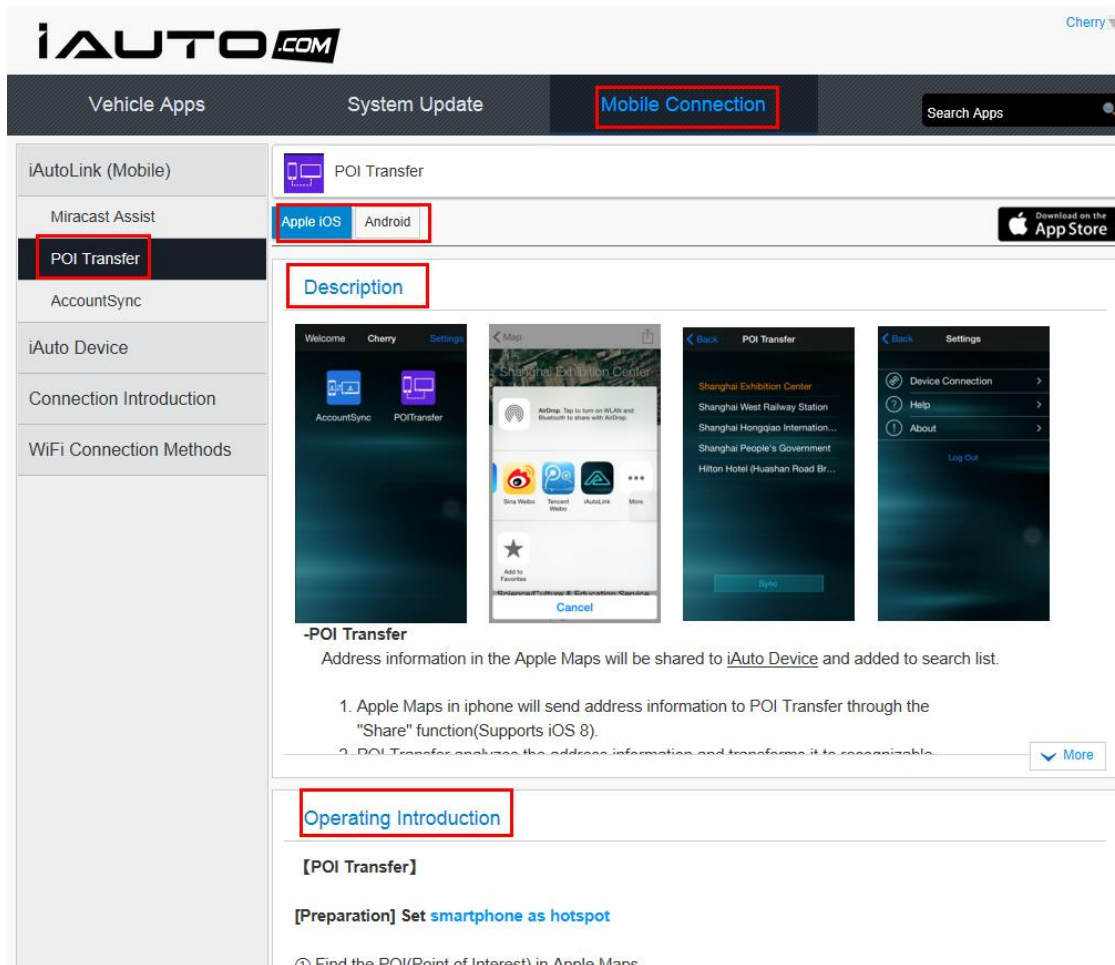

Figure 6.1.2-1

3. AccountSync

- a) We provide a wide variety of unique iAuto applications for our users. These iAuto applications running on iAuto Devices are capable of accessing third party services with third party accounts. AccountSync provides a very convenient way to manage those third party accounts. You can input the third party accounts on to your iAuto Device or AccountSync, then access third party services on iAuto vehicle Devices.
- b) Please find detailed information online in the iAuto Store: Mobile Connection/iAutoLink (Mobile)/AccountSync, as shown in figure 6.1.3-1. There are two parts about AccountSync (Apple iOS and Android, you can find their respective description, operating introduction and download link by clicking [Apple iOS](#) or [Android](#)).
- c) Currently, AccountSync is available both on Apple iOS and Android System, you can download iAutoLink through Apple Store/Google Play/Local Download (For more details about downloading, please refer to 6.1.2).

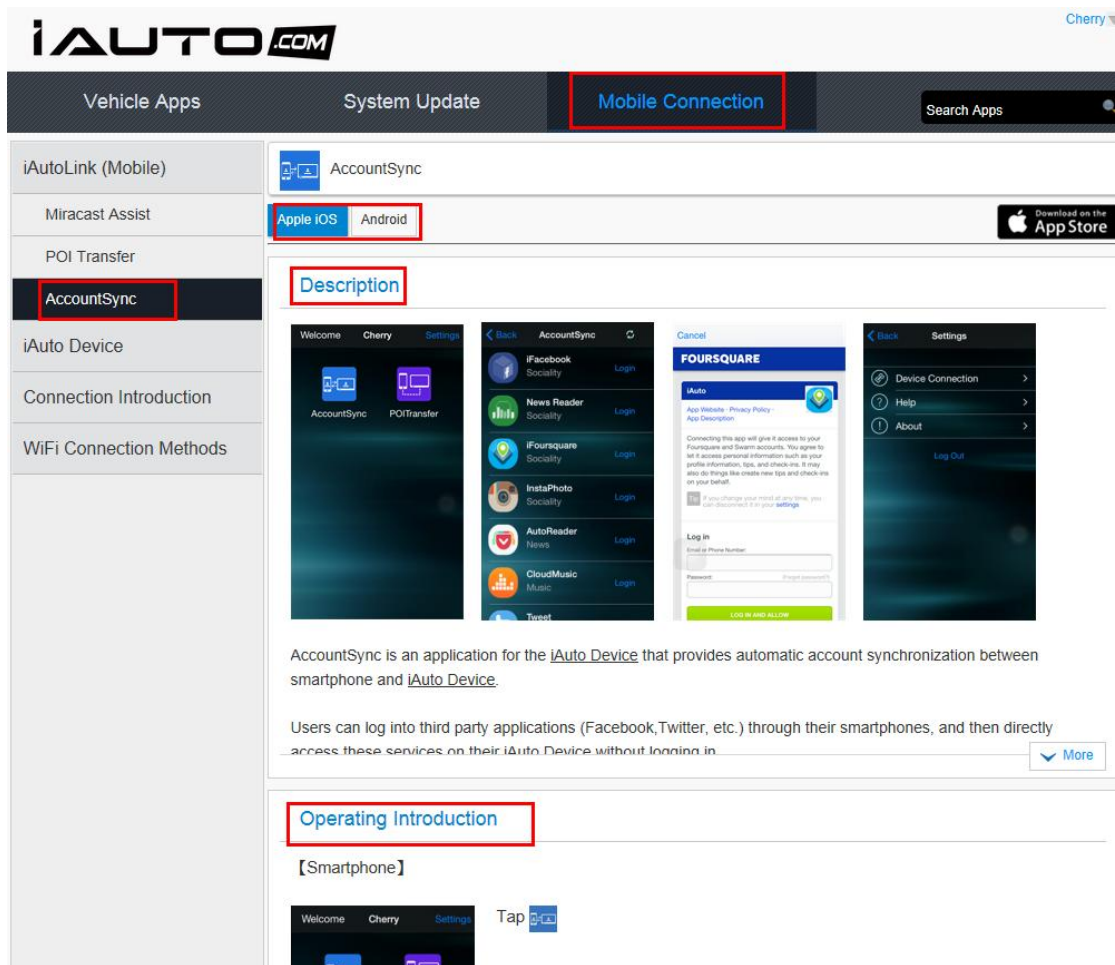

Figure 6.1.3-1

6.1.2. Download Methods

Here we provide methods of downloading iAutoLink (including Miracast, POI Transfer and AccountSync) through Apple Store, Google Play or Local Download.

1 Downloading the iAutoLink through Apple Store

Click  icon and the page will navigate to the iAutoLink download page, where you can find the detailed information about iAutoLink, as shown in figure 6.1.2.1.1. Please note that Miracast is not available in iOS System.

iAutoLink Installation Help

Here is how you can install iAutoLink in your smartphone.
Take a Samsung smartphone for example:

【Computer Operation】

Transmit the iAutoLink installation package from your computer to your smartphone;
Please note that transmission methods may vary depending on the device. Here, for USB data transmission:
① Connect the smartphone to your computer with a USB cable

② Copy the downloaded installation package to your smartphone
For example, copy the installation package to "Phone/Download" folder.
Until now, you have completed the operation on your computer. Please proceed with following instructions in your smartphone.

【Smartphone Operation】

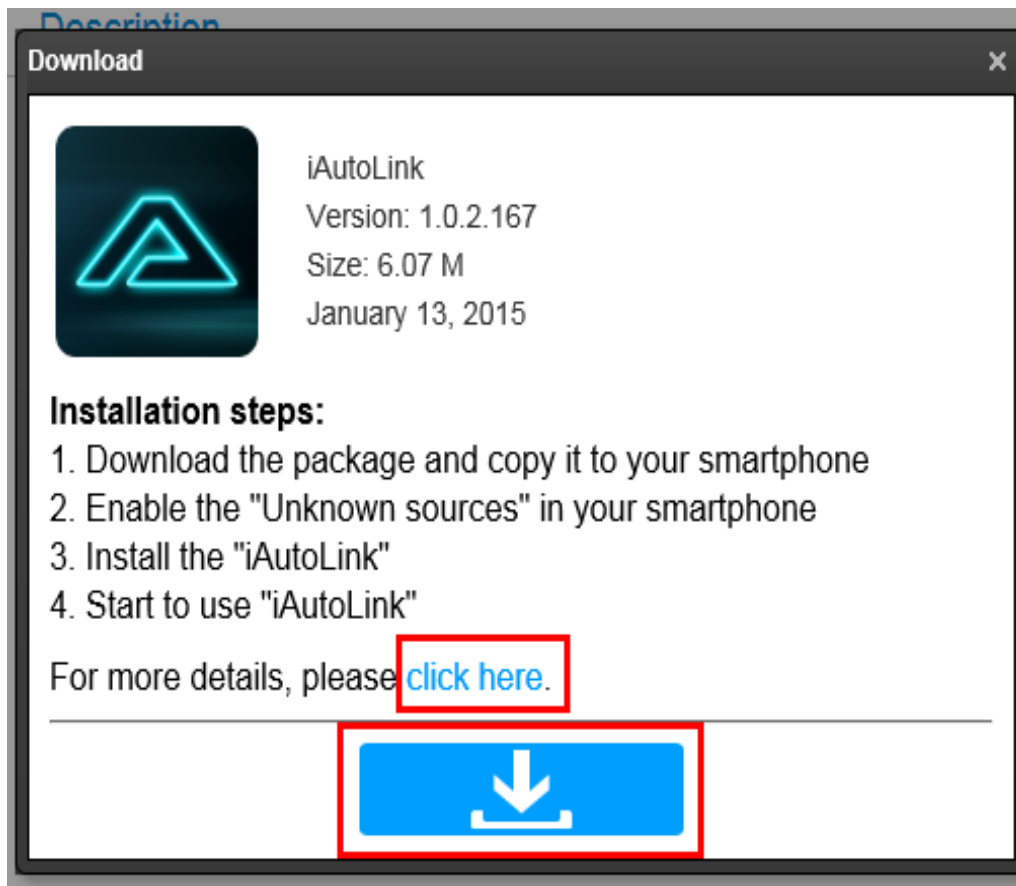

Preparation:

Enable the "Unknown sources" setting in your smartphone. Skip this step if you have already enabled "Unknown sources"

① Tap "Settings"

Figure 6.1.2.3.2

- c) After you have understood the installation process, click download icon and start downloading.

6.2. iAuto Device

iAuto Device supports two applications where you can browse web and iAuto Store. Please find more details: Mobile Connection/iAuto Device, as shown in figure 6.2-1.

1. Web Browser
2. iAuto Store

6.4. Wi-Fi Connection Methods

You can connect your mobile to your iAuto Device using one of three connection methods:

1. Smartphone as hotspot
2. iAuto Device as Hotspot
3. Wi-Fi Direct

For more details, please visit Mobile Connection/Wi-Fi Connection Methods, as shown in figure 6.4-1.

The screenshot displays the iAuto.com website interface. The top navigation bar includes 'Vehicle Apps', 'System Update', and 'Mobile Connection'. The left sidebar lists various vehicle apps and connection methods, with 'WiFi Connection Methods' expanded to show 'Smartphone as Hotspot', 'iAuto Device as Hotspot', and 'WiFi-Direct'. The main content area is titled 'Smartphone as Hotspot' and includes a 'Description' section explaining how to connect the iAuto Device to the internet via a smartphone hotspot. It also features an 'Operating Introduction' section with a diagram showing a smartphone connected to the iAuto Device via Wi-Fi.

7. User Information

7.1. Revising Your Account Information

The following steps explain how you can revise your account information:

1. To log into your account, click "User Information" in dropdown box and you will gain access to the user information page, as shown in figures 7.1.1-1 and 7.1.1-2.

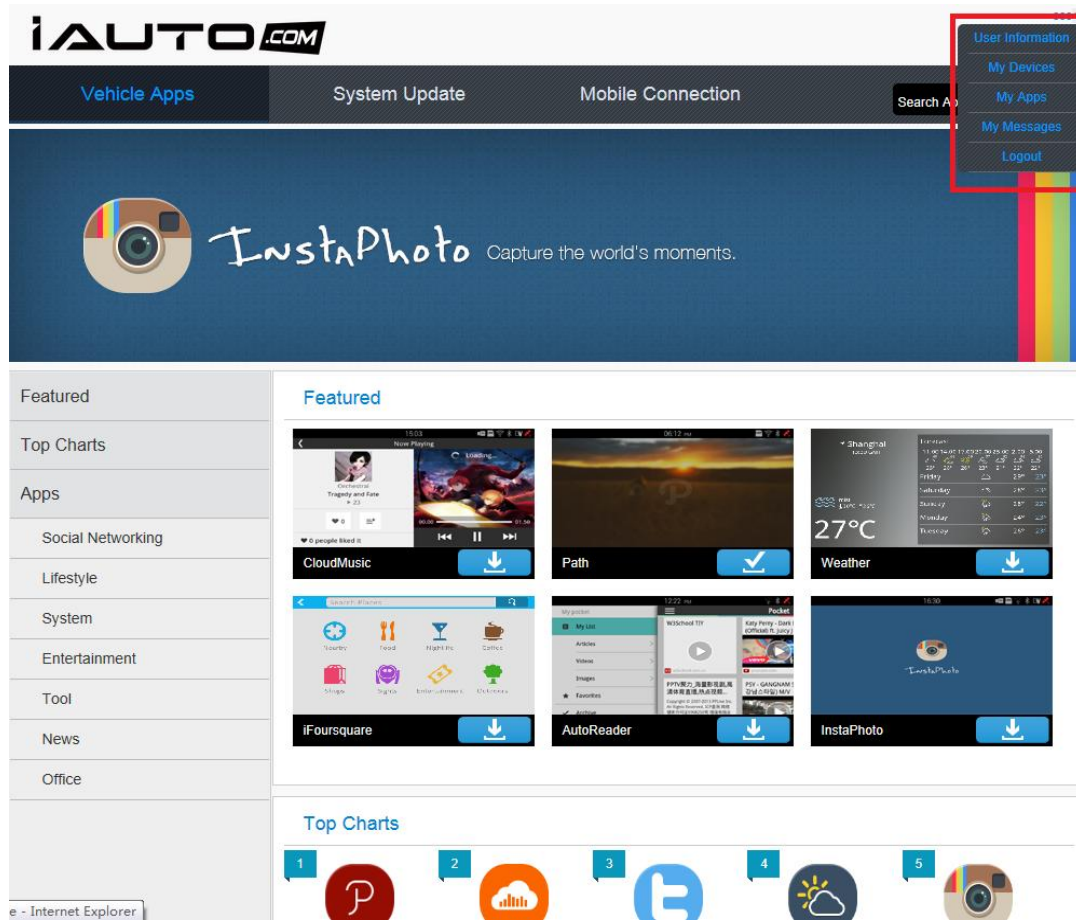

Figure 7.1.1-1

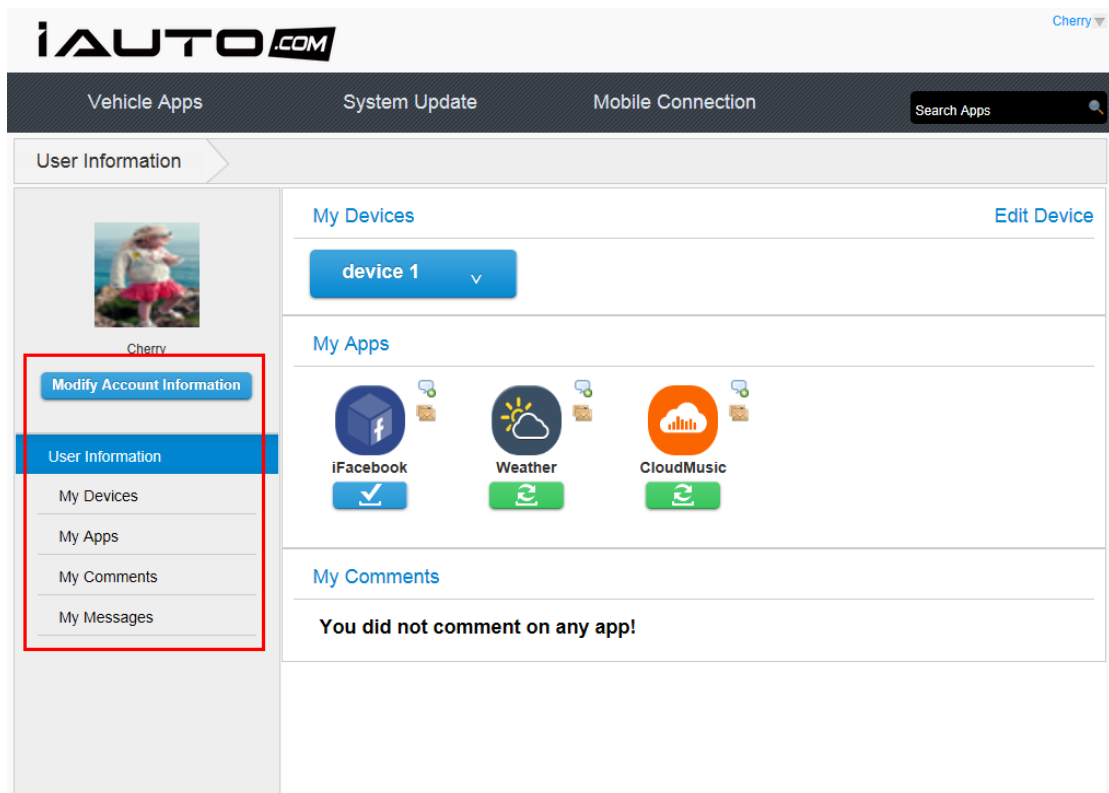

Figure 7.1.1-2

2. Click “Modify Account Information” to modify your basic information and password, as shown in 7.1.2-1.

The screenshot displays the iAuto.com user interface for modifying account information. The top navigation bar includes 'Vehicle Apps', 'System Update', 'Mobile Connection', and a 'Search Apps' button. The main content area is titled 'Modify Account Information' and is divided into two sections: 'Basic Information' and 'Password Modification'. The 'Basic Information' section contains fields for Profile Picture (with a 'Change picture' link and a note 'Picture size(pixel): 48*48'), Gender (Male/Female), Country (Bahrain), Email (with a 'Modify' button), Real Name, Birth Date (with an example 'e.g.:1988-08-01'), Phone Number, and Personal Website. There are 'Save' and 'Cancel' buttons at the bottom of this section. The 'Password Modification' section has a field for 'Original Password' with a placeholder 'Please input the original password'.

Figure 7.1.2-1

A. Please see the following steps to modify your basic information:

1. You can upload your profile picture here. If the specific photo requirements are not met, you will see a red notice popup. This is shown in figure 7.1.2-2.

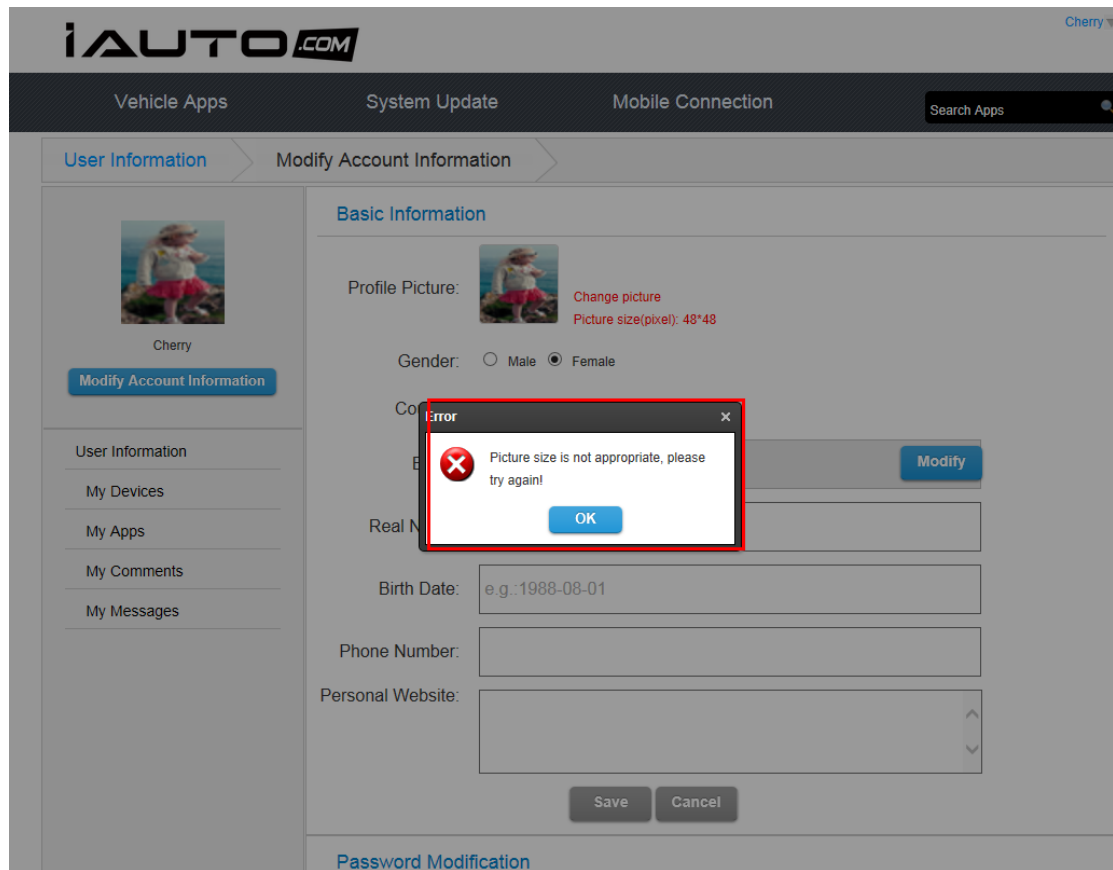

Figure 7.1.2-2

2. To ensure you can receive all important notices, such as online payments, please be sure that you have inputted your correct email address and update it accordingly. If you need to modify your email address, click “Modify” button and then you will receive a confirmation email, please follow the instructions to complete the modification process.
3. “Save” and “Cancel” buttons will be available to use when the basic information fields have been changed. This is shown in figure 7.1.3-1.
